

### **Condensed Bio for Quint Whipple, CDT**

Quint Whipple began his career as a dental technician after a neighborhood dentist visited a local art show where he was presenting. Since then, he has been working with the leaders in dentistry for over 29 years perfecting his artistry. In 2003 he began Phoenician Dental Studios which established itself quickly as a leading cosmetic dental lab. Quint received his Bachelor's degree in Biology at Arizona State University in 1997 and his CDT in 2000. He is a 20-year member of the American Academy of Cosmetic Dentistry (AACD), served 4 years as the AACD Board of Directors Lab Representative, 2 years as the General member Representative on the BOD. He has also served on the PEC of the AACD and is in the process of becoming an accredited member. He is a Las Vegas Institute graduate, but more notably spent more than five years (1998-2003) assisting in the instruction of clinicians during hundreds of live-patient courses at LVI, a recognized post-graduate learning institution. He was inducted as a member of the Dental Technicians Guild (DTG) in 2016 and has acted as a Key Opinion Leader for GC America since early 2017. Quint's work has been recognized by the AACD as a two-time Smile Gallery Winner and his writing and work has also been featured in publications such as DentalTown, LVI Visions with Ron Jackson, 3M Advertisements, JDT and Cosmetic Dentists. He was, along with my wife, recognized as "the Couples, what's hot in 2020" in the January edition of the JDT. As the owner of Phoenician Dental, he has created thousands of VIP smiles and continues his pursuit of learning every year by attending top level CE courses, leadership, business and technical training, conventions and seminars to stay on the leading edge of dentistry.
