# COLLABORATION: Feel it! MAY 18 - 21 BOSTON

### **PROGRAM GUIDE** 27<sup>th</sup> Annual AACD Scientific Session

"An AACD scientific session always lets me know how much I don't know."

> "AACD conferences keep the dentist at the forefront of dental knowledge. My patients will benefit with the refined techniques I have acquired."

"Three words: Content, Camaraderie, and Progressiveness."

## "MY ALTERNATIVE TO PFM'S"

John Cranham, DDS Clinical Director, Dawson Academy

My clinical success is living proof of what science is telling the dental industry about IPS e.max lithium disilicate. It has the strength, durability and esthetics for a lasting smile.

## FROM THE AACD PRESIDENT COLLABORATION: Feel it.

## Welcome to the 27th Annual AACD Scientific Session!

Boston, one of my favorite cities. Almost like home—I grew up nearby.

I am so excited for you to attend this year's session, which I think will be one of the Academy's best.

"The Rise of Collaboration" will offer endless opportunities for you to learn, grow, and be inspired. This meeting will focus on how the best restorative dentists, specialists, and ceramists collaborate to create great results in challenging situations. You'll work alongside your colleagues to develop and refine your skills so you and your team can deliver your patients the best oral healthcare.

You'll also have the privilege of hearing some great speakers—Peter Sheahan, the author of "Fl!p," and Photographer Joel Meyerowitz, probably best known for his work in covering Ground Zero in New York City. We also have a surprise guest for our third general session who will provide learning through entertainment. This year's picks were based on feedback received from members, who said they wanted their general sessions to provide education, motivation, and entertainment.

Other exciting events include honoring 28 newly Accredited AACD members and one new Accredited Fellow Member—the largest Accreditation class in history! Be sure to offer them your congratulations and take a look at their work in the Showcase of Excellence.

While in Boston, you will not only have access to world-class dental education, but also the chance to spend some time in one of New England's most thriving cities. Boston's world-class shopping, history, and scenery will make this trip truly unforgettable.

I encourage you to take advantage of everything Boston has to offer—from checking out the historical sights, to catching a Red Sox game, and tasting the culinary treats of the North End. Don't forget to attend the AACD Welcome Reception at Jillian's of Boston, a local staple, offering sports-style entertainment and dining. We're calling it "Opening Night"—so wear your favorite baseball jersey!

As the 60's garage band, The Standells, said in their Boston tribute song, "Dirty Water":

I'm gonna tell you a story I'm gonna tell you about my town I'm gonna tell you a big bad story, baby Aww, it's all about my town Yeah, down by the river Down by the banks of the river Charles That's where you'll find me Along with lovers, fuggers, and thieves (aw, but they're cool people) Well I love that dirty water Ob, Boston, you're my home.

The combination of a hip, historic city and the coming together of world-class dental professionals will be key to a successful scientific session. I know we will all return home with new tools, new friends, and new standards of clinical excellence.

Thank you for being here, and I can't wait to spend time with you this week in Boston!

Hugh Flax, DDS AACD President

### AACD BOARDS

### **Board of Directors**

President • Hugh D. Flax, DDS • Atlanta, GA President-Elect • John K. Sullivan, DDS • Tulare, CA Vice-President • Ronald M. Goodlin, DDS • Aurora, ON, Canada Immediate Past President • Michael R. ### Scientific Session Location:

*Hynes Convention Center (HCC)* 900 Boylston Street Boston, MA 02115

### Hotel Information:

*Sheraton Boston Hotel* 39 Dalton Street Boston, MA 02199

**Boston Marriott Copley Place** 110 Huntington Avenue Boston, MA 02116

### Your Tuition Includes:

- Photo credit: Greater Boston Convention & Visitors Bureau
- All open lectures and applicable hands-on workshops without additional fees
- AACD social events, including the Welcome Reception, continental breakfasts, and exhibit hall lunches and socials
- · Motivational and entertaining general sessions
- Various networking opportunities for unlimited camaraderie with cosmetic dental professionals
- AACD exhibit hall featuring more than 100 leading businesses

### **Scientific Session Registration Hours**

Location: Level 1 - Hynes Convention Center Tuesday, May 17 ...... 1:00 pm – 9:00 pm Wednesday, May 18 ...7:00 am – 6:00 pm Thursday, May 19 .....7:00 am – 6:00 pm Friday, May 20 .......7:00 am – 6:00 pm Saturday, May 21 ......7:00 am – 4:00 pm

### **Exhibit Hall Hours**

Location: Level 2 - Exhibit Hall CD - Hynes Convention Center Wednesday, May 18..... 11:00 am – 6:00 pm Thursday, May 19...... 11:00 am – 6:00 pm Friday, May 20..... 11:00 am – 7:00 pm

### First Aid and Emergency:

First Aid is located on Level 1- Hynes Convention Center across from registration.

### Attire:

Standard attire for attendees is business casual. The *Celebration of Excellence Gala* attire is formal black tie, ballgown preferred (dark suit and cocktail dress acceptable).

### Special Needs:

If you require special assistance for a disability or for dietary needs, please advise the AACD Registration Staff once you arrive on-site. They will make every effort to accommodate your requests.

### Name Badge and Tickets:

Your name badge, special event tickets, and final confirmation notice are provided on-site in your registration packet. You can pick up all your materials at the pre-registered attendee badge and tote bag pick-up booth located at the Hynes Convention Center, Level 1. Your name badge contains a barcode and is required upon entry into all courses and social events. To obtain continuing education credits, you must be scanned into each course.

### **Antitrust Disclaimer:**

Each attendee at the *27tb Annual AACD Scientific Session* is free to act in any way he/she chooses following the scientific session with regard to issues presented and discussed. Any conclusion or decision reached based upon issues discussed must be a business decision made by each dental professional independently, and based solely on what is in the best interest of that dental professional. In conducting education, and informative programs for its membership, the AACD does not recommend nor necessarily endorse any particular course of conduct.

### Photographing, Video Taping, or Audio Taping of AACD General Sessions, Lectures, and Workshops:

The use of video, photographic, or audio recorders is prohibited during AACD general sessions, lectures, and workshops due to contracts with AACD speakers and entertainers. We reserve the right to confiscate these items and hold them until after the scientific session.

### It's easy—and fun—to use social media and other technology to enrich your conference experience

You can get more out of your AACD Annual Scientific Session by using the social media and smartphone tools that are right at your fingertips (well, on your laptop, iPad, or smart phone anyway). And the Hynes Convention Center makes it even easier with their FREE wireless connectivity throughout the conference center.

### Yes, there are Apps for that

If you're an iPhone, iPad, or Android user, AACD has a new annual scientific session App that will help you navigate courses and room locations, and review speaker profiles right from your smart

phone. Search the App store under AACD. (And if you have an iPhone or iPad, you can also download the *Journal of Cosmetic Dentistry* app for free!)

You can download the free app, called "myHynes for the Hynes Convention Center" to get a personal concierge for your phone to get where you're going with venue maps, floor plans, and services and even access live local links to nearby restaurants, hotels, and merchants. Visit the iTunes store or use the App Store icon on your iPhone, iPad, or other smartphone.

### What are those funny codes?

Keep your eyes peeled for those square blocks, called QR (or Quick Response) Codes. Download a free app on your smartphone (search "QR code scanner") that will scan these codes and lead you to websites, videos, additional content, course handouts, and special offers—right on your phone.

### Don't miss a thing

Twitter is a great tool to push information out about important conference updates and alerts. Near the entrance to the exhibit hall, you'll find a large, multi-screen social media wall, which will be displaying Twitter feeds, pictures, news, and comments from the conference.

### twitter.com/theaacd Hashtag: #aacd Important Conference Updates and Alerts

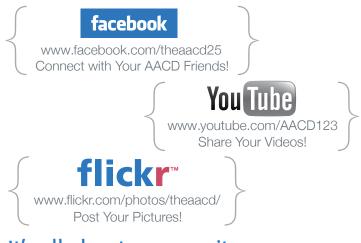

Not following your Academy on Twitter yet? Just go to twitter.com/ theaacd. Sign up if you're not already registered on Twitter, and begin following the AACD. Or, you can even get updates directly to your phone by texting follow TheAACD to 40404 in the United States.

If you're tweeting from the conference, or you're doing any tweeting about the AACD throughout the year, use the "Hashtag" #aacd and followers will be able to track the conversations about the Academy and the Scientific Session event in one place.

### Engage, share, and stay connected to your friends, your patients, and your practice

AACD has a growing and active community of followers, friends, and fans on Facebook. Visit www.facebook.com/theaacd25. Click on the Welcome link and be sure to "like" the AACD so future wall posts show up in your personal or practice Facebook news feed.

You can post pictures, videos, and comment on others' posts. You can also share your videos by uploading them to AACD's YouTube page at www.youtube.com/AACD123. Do you have a camera in your phone? Post your conference images to AACD's Flickr page at www.flickr.com/photos/theaacd/

### It's all about community

My AACD is the community space dedicated to AACD members where you can download shared documents and conference handouts, engage in discussions, make colleague connections, and provide encouragement and information to your fellow members. Go to www.aacd.com and click on the My AACD link on the home page. Then log in with your member ID number and password. If you forgot your login information, you can request a reminder from the login page.

My AACD www.aacd.com AACD Essentials – Downloads, Discussions, and More!

### SPECIAL AND IMPORTANT EVENTS

## An International Dental Education Showcase

The 27th Annual AACD Scientific Session will feature, for the first time, educators and speakers from around the globe offering a unique worldwide perspective to the conference. Subject matter experts from international AACD Affiliate and sister organizations have been invited to participate in—and support the conference theme of—"The Rise of Collaboration."

In addition to Dr. Tomoyuki Tsubaki from the Japan Academy of Esthetic Dentistry, Drs. James Goolnik, Francois Grossetti, Wolfgang Richter, and Jürgen Wahlmann will be doing a combined presentation on cosmetic dentistry.

## Visit the Operatory of the Future

You'll be able to gaze into dentistry's crystal ball with an all-new attraction in the exhibit hall at the AACD 27th Annual Scientific Session. There, you'll discover a dual chair operatory outfitted with the latest in state-of-the-art digital impressioning, 3D imaging, and computer-augmented equipment—all in a real world office setting. In our rapidly changing environment, you'll want to keep up with the technical innovations that will be a part of your practice in the not-so-distant future.

You can visit the operatory of the future during regular exhibit hall hours.

## Wear Your Favorite Team Jersey and Join Us For a Welcome Reception!

Do you want to make new friends and catch up with the old ones? Attend the AACD Welcome Reception on Wednesday evening!

The reception will be held from 7:30 p.m. to 10 p.m. at Jillian's of Boston, a neighborhood staple located just across from Fenway Park, which is home to the Boston Red Sox. Jillian's offers sport-style entertainment, such as billiards, bowling, a dance floor and plenty of plasma televisions to watch your favorite games! Wear your favorite team jersey and join us for food, fun, and camaraderie.

Jillian's also has been a hot spot for celebrity sightings in Boston, including Clint Eastwood, Ben Affleck, Mark Wahlberg, and many Red Sox players!

Transportation to the Welcome Reception is

Photo credit: Greater Boston Convention & Visitors Bureau

provided. Buses will leave for Jillian's at 7 p.m. from the Boston Sheraton. Don't miss out!

### What's New in the Exhibit Hall

The exhibit hall features a number of new items for attendees. This year's AACD Product Premiere presented by Dentalcompare will feature new products and services! A coupon book found in your tote bag will give you the chance to shop for deals on exhibitor products. Also, on Friday, you will be able to purchase products at deep discounts during the "Black Friday" shopping event.

Aside from shopping, a major highlight of this year's exhibit hall is the Operatory of the Future, which has two full operatories featuring the latest in innovations and dentistry supplied by Henry Schein, Patterson Dental, and Midmark Corporation.

Are you looking for advice on a dental issue? We've got a place you can go—the AACD Speaker's Corner. Network one-on-one with AACD educators and get the answers to your questions. You will have a chance to purchase educational references from the educators.

And, don't forget to participate in the Give Back a Smile<sup>™</sup> silent auction, which will benefit the AACD Charitable Foundation and restore the smiles of domestic violence survivors.

### GIVE BACK

### GBAS Fundraiser: Win Boston Red Sox Tickets or a Coach Purse!

Photo credit: Greater Boston Conventior & Visitors Bureau

tickets to this historic game! What better way to get to know Boston than to attend one of the city's and America's favorite pastimes—a baseball game!

You also have the chance

to win a trendy Coach purse with accessories, valued at \$500.

For a chance to win, see an AACD staff member to make a \$10 dollar donation to benefit the AACD Charitable Foundation's Give Back a Smile (GBAS) program. You must be present at the drawing to win.

### AACD Charitable Foundation Silent Auction

The annual GBAS Silent Auction, to be held in the exhibit hall, will feature a number of items including sports memorabilia, signed guitars, dental products, and more surprise items!

Check out this opportunity to take home a great gift and help survivors of domestic violence!

### Bid on an Alaskan and Hawaiian Vacation and more in Gala Silent Auction!

The Celebration of Excellence Gala Silent Auction, an AACD Scientific Session first, will feature two amazing vacations in Alaska and Hawaii, and the opportunity to bid on a one-of-a-kind necklace.

If you are the lucky recipient of the Alaska trip, you and a guest will stay for five nights at a cabin on the Kenai River in Alaska. Included in this incredible vacation is a glacier cruise and fishing charter for a chance to reel in some king salmon and halibut. Valued at \$4,000, the trip also includes \$1,000 value applied toward airfare.

The winner of the Hawaii trip will have the opportunity to stay for one week at a beautiful home in Kailua just steps from sands of Kailua beach on the island of Oahu. Enjoy a heated pool and private tropical backyard with family or friends as a part of this gorgeous four-bedroom, three-bathroom home. This incredible getaway is valued at \$8,500 with \$1,000 value applied toward airfare.

Also, be sure to bid on a beautiful Konstantino necklace! This fabulous piece of jewelry is sterling silver and 18-carat gold, with an 18" necklace and pink tourmaline faceted stones. The necklace is valued at \$3,855.

Give Back a Smile would like to thank Bill Parks of Precision Dental Designs, Dr. John Weston and Konstantino for their generous donations to the auction.

The Boston Red Sox are scheduled to play the Chicago Cubs on Friday evening at 7 p.m., and you have a chance to win a four-pack of

### Shop to Give: Buy While Giving Back

Everyone loves saving money, but what if you knew you were saving money and helping a great cause?

With Shop to Give, you can. Shop to Give offers AACD members the opportunity to purchase dental products or services at a great price to support a great cause. Every time you buy through Shop to Give, a portion of the sales generated from your purchase will go

toward the Give Back a Smile (GBAS) program, the premier program of the AACD Charitable Foundation. Your money will help to restore the damaged smiles and lives of domestic violence survivors.

GBAS was developed to address a need in AACD member communities. Volunteer dentists and laboratory technicians agree to restore the broken and damaged teeth in the smile-zone of survivors of intimate partner violence. Generous AACD dentists help erase the memories of abuse by restoring the smiles at no cost to the survivors, thereby restoring their lives. But, money is still needed to help survivors get the treatment they need. A \$200 donation will make it possible for one survivor of domestic violence to regain her smile through the GBAS program.

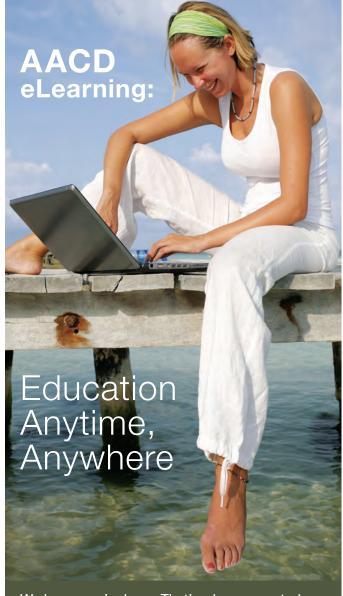

Shop to Give currently features products and services, including Venus Diamond kits from Heraeus Kulzer, Singular Payments, and apparel from Medelita. Joyal's book, "Everything is Marketing," is also available for purchase.

If you want to help restore the smiles of domestic violence survivors beyond participation in the silent auctions and donations, remember you can help by purchasing supplies for your practice through Shop to Give.

Take advantage of this great member benefit and help survivors of domestic violence now!

Visit: www.givebackasmile.com/shoptogive.

We know you're busy. That's why we created AACD eLearning—so you can learn online at your convenience through education courses at DentalXP.com and HDiQDental.com. No advance course registration is required—just log in and start learning. Visit: www.aacd.com/learn

You can also learn more about cosmetic dentistry through the AACD Webinar Series, which focuses on pearls from the 27th Annual Scientific Session, at: www.aacd.com/webinarseries

### AACD MEMBER VALUE CONTINUES TO IMPROVE!

### Since we last met in Dallas in 2010, a lot has happened making membership in the AACD a much more valuable and rich experience.

Here are just some of the highlights:

- Exciting new e-Learning benefits valued at \$490. The benefits give AACD members a premium subscription to DentalXP, access to a free e-Learning course from HDiQ Dental, plus other related offers.
- A webinar series with free, virtual learning opportunities accessible anywhere with Internet.

- The new, improved *Journal of Cosmetic Dentistry*, features a fresh, contemporary design, tests for earning CEs, and a growing and credible editorial review board, all aimed at making the *jCD* an even more respected and referenced publication.
- The Academy Connection as a multi-media digital edition. The *Connection* is packed with more actionable content and provides more helpful practice building editorial and Academy news.

• The *jCD* digital edition is like the *Connection*, but, in addition to

convenience, sustainability, and interactivity, another member value play is that the digital reader offers language translation, positioning the Academy as more relevant to our growing international audience.

• The *jCD* app for the iPad and iPhone! (It's free and in the Apple app store now.)

• A volunteer task force assigned to review the AACD Affiliate structure with the objective of making the relationship more symbiotic with shared mission and values, and to improve retention.

To help our members achieve greater case acceptance, we've just launched a new alliance with ChaseHealthAdvance. Chase has committed to provide the very best financing options for AACD dentists and their patients and to work continuously to offer new, innovative tools to help manage and grow their practices, including quality patient financing; Ink from Chase, a unique small business card offering cash back incentives; and tuition financing assistance for continuing education.  A new approach to public relations and mass media. Members expect the AACD to promote cosmetic dentistry—and the value of Accreditation—to the general public, so we've reinvigorated our public relations and mass media outreach. Being proactive will raise the AACD's awareness even more and position the Academy as the go-to cosmetic dentistry resource for the media.

And more to come...

- As part of the web strategy for the coming year—in addition to an exciting new look and feel and much more intuitive navigation—we'll be building out the public section of the site with much more rich keyword driven content to generate better organic search results, to drive activity in the AACD's Find-a-Dentist Online Directory.
- We're re-launching My AACD, your online community to collaborate, network with colleagues, join groups, and discuss topics of interest.
- We're developing an exciting new way to deliver customized, print-on-demand treatment brochures to our member dentists for their patients. Members will soon be able to upload their practice logo and contact information to customize brochures on topics like Smile Design, Whitening, Veneers, Why Choose an Accredited Dentist, and more—and order as many as they need—delivered directly to their practice.

THANK YOU for being an AACD member! You are valued and appreciated.

## Don't Miss...

#### Celebration of Excellence Gala

7:00 pm - 8:00 pm Reception 8:00 pm - 12:00 midnight Gala Location: Level 3 - Ballroom - HCC

#### Ticketed Event \$125 (USD)/Person\*

The social highlights of each annual AACD Scientific Session – cocktail reception, newly Accredited and Accredited Fellow member recognition, five-star dining, AACD awards ceremony, AACD presidential inauguration, and of course, live music and dancing – need we say more. Attire is formal black tie, ballgown preferred (dark suit and cocktail dress acceptable).

Tickets are available until 1:00 pm on Friday, May 20 or until sold out at the AACD Registration Desk.

\*Please note that the Celebration of Excellence Gala is designed for adult attendees and children's meals are not provided.

#### The 27th Annual AACD Scientific Session

features the world's most comprehensive continuing education opportunity for cosmetic dental professionals. In the lecture halls, renowned dental educators present the key concepts in clinical cosmetic dentistry. Dentists and laboratory technicians learn on a one-on-one basis the latest techniques in an array of in-depth hands-on workshops.

### **Continuing Education Credits**

Scientific session attendees are eligible to obtain certified continuing education credits for their participation in the 27th Annual AACD Scientific Session. The AACD is a recognized credit provider for the Academy of General Dentistry, American Dental Association, and National Association of Dental Laboratories.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The AACD designates this activity for 24 continuing education credits.

## For your convenience, each course has been categorized according to...

#### ... Your Role on the Dental Team

You will find lists of 'Recommended Courses for Accreditation,' 'Recommended Courses for Dentists,' 'Recommended Courses for Laboratory Technicians,' 'Recommended Courses for Team Members (dental assistants, hygienists, office personnel, and patient coordinators),' 'Recommended Courses for Students,' and 'Recommended Courses for Spouse/Guest'. These courses are recommended according to each professional's role on the dental team. Please understand these are recommendations only. It does not mean these are the only courses available to you.\* \*Dentists, laboratory technicians, and supporting registrants, registered at the full tuition rate (\$1595 (USD)/\$1845 (USD)) and recent graduates can pre-select and attend all hands-on workshops and lectures except for those geared toward team members.

Team members, laboratory auxiliary, students, and guests/spouses registered at special discounted rates can pre-select and attend all lectures and applicable hands-on workshops. Spouse/Guest can also pre-select and attend Greet, Eat, and Meet Activities.

#### ....Skill Level

Use the skill levels category to assist you in selecting the courses that best suit your skill level and professional goals. 'Foundational' means you know dentistry and are looking to expand your understanding of cosmetic dentistry. You want to know the ins and outs, basic concepts, and essential building blocks in cosmetic dentistry. 'Intermediate' means you possess strong foundational knowledge and are looking to expand and fine-tune your skills in cosmetic dentistry. You want to achieve an advanced skill level in cosmetic dentistry. 'Advanced' means you are extremely knowledgeable in cosmetic dentistry. This is your passion and you need to keep up-to-date on all the latest trends and techniques. You want to stay at the top of your game.

#### ...Clinical or Non-Clinical Nature

The AACD offers well-rounded education for you and your team to succeed professionally and personally. Take advantage of this perfect educational mix and balance 'Clinical' and 'Non-Clinical' courses using this category listing.

#### ...Accreditation Journey

The AACD maintains dentistry's most recognized advanced credentialing program in cosmetic dentistry. Find both 'Required' and 'Recommended' courses using this category listing. These courses will help you on your journey toward Accreditation or Fellowship.

### Wednesday, May 18

#### Peter Sheahan

8:00 am - 9:15 am Location: Level 3 - Ballroom - HCC

Peter Sheahan, author of "Fl!p", is the CEO of the Centre for Skills Development,has spent a decade teaching businesses how to flip their thinking. Real money is made in the cracks, according to Sheahan, and the opportunity for mind-blowing success is all around. The problem is that humans are conditioned by their experience, blinded by business models and conned by popular media to believe that success is a product of economic conditions.

Sheahan's clients include Newscorp, Google, Hilton Hotels, GlaxoSmithKline, Harley Davidson, Cisco and Goldman Sachs. Many of which engage him on an ongoing basis to provoke their leaders to re-think their assumptions and challenge them to find innovative ways of doing business.

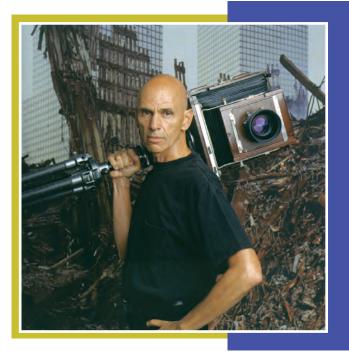

### Thursday, May 19

#### Joel Meyerowitz

8:00 am - 9:15 am Location: Level 3 - Ballroom - HCC

Joel Meyerowitz is the creator of The World Trade Center Archive. Meyerowitz is internationally renowned for his pioneering work in color photography and his camera view artistry. A Guggenheim Fellow and an NEA and NEH award-winner, Meyerowitz was the only photographer to gain unlimited access to Ground Zero after 9/11. In his presentations, he conveys his intense belief in the transformational power of art.

He reaches beyond photography into the fields of architecture and urban planning, political science, communications, art history, psychology and the meaning of monuments, inspiring audiences to become more involved in their communities and the world at large.

### Friday, May 20

8:00 am - 9:15 am Location: Level 3 - Ballroom - HCC

### Heraeus

## Venus Diamond<sup>®</sup> & Venus Diamond<sup>®</sup> Flow

- An unprecedented system of composites that offers a combination of low shrinkage stress, high durability, and excellent handling
- Together with the ability to use a single shade that can produce a restoration that appears layered and polychromatic, Venus Diamond and Venus Diamond Flow are the ideal choice for all your direct restorations

"Using a single shade of Venus Diamond can produce a restoration that appears layered and polychromatic." Unpaid endorsement

Charitable Foundation, Inc. Give Back a Smile

Purchase a Venus Diamond Basic Kit and Heraeus will make a generous donation to the AACD Give Back a Smile program! Visit www.givebackasmile.com/venusbyheraeus to learn more!

LECTURE

LECTURE

LECTURE

#### Morning

#### L110 TOPIC • BONDING

Adhesive and Restorative Dentistry: Averting Mediocrity

#### Harald Heymann, DDS, MEd

9:30 am – 12:30 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 250 CE Units: 3.0L

#### All Attendees Intermed

#### Learning Objectives:

- Distinguish between a variety of dental adhesives relating to the advantages and disadvantages of each along with the causes of dentinal sensitivity to identify appropriate techniques for achieving desensitization
- 2. Relate the best ways to reduce adverse polymerization effects and other clinical problems associated with posterior composite restorations
- 3. Relate the etiologic factors for non-carious cervical lesions and describe their appropriate treatment

#### Morning LECTURE L111 TOPIC • TREATMENT PLANNING • The Interdependence of Periodontics and Prostbodontics

#### Robert Winter, DDS

9:30 am – 12:30 pm Location: Level 3 - Room 304 - HCC AGD Subject Code: 610 CE Units: 3.0L

#### Dentist Intermed

#### Learning Objectives:

- 1. Learn the importance of the soft tissue component in the esthetic analysis
- 2. Understand the indicators and techniques for functional and esthetic crown lengthening
- 3. Learn the sequencing of restorative and periodontal surgical procedures to enhance the esthetics for implant patients

#### L112 TOPIC • LASERS

Using Dental Lasers in Cosmetic Practice: Combined Surgical and Restorative Therapy

#### Robert Lowe, DDS

9:30 am – 12:30 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 260 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Understand the importance of diagnosing biologic width types and how it relates to gingival recession
- Learn techniques using diode lasers to manage soft tissues for impression making; create access for restorative procedures; and perform gingival zenith balance in the esthetic zone
- 3. How to use hard tissue lasers to perform minor biologic width corrections utilizing open and closed crown lengthening procedures

#### Morning

LECTURE

n D

### L114 TOPIC • LABORATORY TECHNOLOGY iWonder

David Lesh

9:30 am – 12:30 pm Location: Level 3 - Room 308 - HCC AGD Subject Code: 017 CE Units: 3.0L

### Dentist Lab Tech Foundational Non-Clinical

#### Learning Objectives:

- 1. Understand the latest high-tech restoration brands, materials, and types available for cosmetic cases
- 2. Acquire tips to dramatically improve the quality and consistency of the cosmetic restorations dentists get from their laboratory
- 3. Understand the realities behind some of the myths and unknowns in working with the dental laboratory

Morning

#### L115 TOPIC • COMPOSITES

#### Achieving Consistent Results with Direct Anterior and Posterior Composites – Part I Supported by Tokuyama

Newton Fahl, Jr, DDS, MS

9:30 am – 12:30 pm Location: Level 2 - Room 210 - HCC AGD Subject Code: 254 CE Units: 3.0L

#### Dentist Foundational Clinical

#### Learning Objectives:

- 1. Identify the ideal properties necessary to select a composite system
- 2. Understand how to treatment plan and restore cases indicated for anterior and posterior direct composite procedures
- 3. Learn several practical tips for enhancing the esthetic quality of composite work

#### Morning

LECTURE

ک 🕼

#### L116 TOPIC • CARIES DISEASE

Implementing CAMBRA Made Simple Supported by Oral BioTech

#### *V. Kim Kutsch, DMD* 9:30 am – 12:30 pm

Location: Level 3 - Room 309 - HCC AGD Subject Code: 011 CE Units: 3.0L

#### All Attendees Foundational

#### Learning Objectives:

- 1. Understand the history of dental caries and the new biofilms model for the disease
- 2. Identify the steps in CAMBRA, the medical management of dental caries
- 3. Understand the treatment strategies for dental caries and the indications for treatment choices based on clinical examples

**L118 TOPIC • FUNCTIONAL ESTHETICS** 

Functional Estbetics-Creating Beauty That Lasts

Supported by Heraeus

Morning

Lee Ann Brady, DMD Gary DeWood, DDS, MS

9:30 am - 12:30 pm Location: Level 2 - Room 207 - HCC AGD Subject Code: 180 CE Units: 3.0L

#### Learning Objectives:

Dentist

- 1. How to minimize occlusal risk to maximize case success
- 2. Engineer anterior restorations for functional success
- 3. How to test your occlusal design before the porcelain

LECTURE

#### L119 TOPIC • WRITING Writing for Peer Reviewed Publications

Morning

#### Allison DiMatteo, BA, MPS

9:30 am - 12:30 pm Location: Level 1 - Room 107 - HCC AGD Subject Code: 770 CE Units: 3.0L

#### All Attendees

#### Learning Objectives:

- 1. Identify clinical details required for articles in dental journals, including the Journal of Cosmetic Dentistry
- 2. Recognize editor required manuscript components for peer reviewed journals/ magazines
- 3. Learn how to make your articles interesting and captivating for readers your colleagues in dentistry

LECTURE

#### **L120 TOPIC • MATERIALS**

Integrating the Latest Materials into Estbetically Based Treatment Supported by Kerr Corporation

Morning

#### Lou Graham, DDS

9:30 am - 12:30 pm Location: Level 3 - Room 310 - HCC AGD Subject Code: 780 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Understand why success is totally dependent on your curing light
- 2. Learn Class I, II, and V direct techniques using the latest matierials
- 3. Learn new approaches to decay removal and more conservative approaches to dentin preservation

#### All Day

#### **A100 TOPIC • ACCREDITATION** Advanced Accreditation Workshop

#### J. Fred Arnold, III, DMD Betsy Bakeman, DDS Nils Olson, DDS

9:30 am - 5:00 pm Location: Level 1 -Room 103 - HCC AGD Subject Code: 780 CE Units: 3.0L & 4.0P

Dentist	Lab Tech	Intermediate	Clinical							
Accreditation Recommended										

#### Learning Objectives:

- 1. Understand how cases for Accreditation are judged based on specific criteria
- 2. Sharpen your eye to discern fine details in judging cosmetic dentistry
- 3. Present cosmetic dentistry cases for feedback to decide if the criteria has been met

#### Morning **A101 TOPIC • ACCREDITATION** Accreditation Worksbop

9:30 am - 12:30 pm Location: Level 3 - Room 311 - HCC

Bradley J. Olson, DDS

AGD Subject Code: 780 CE Units: 3.0L

Dentist	Lab Tech	Foundational	Clinical		
Accreditation Required					

#### Learning Objectives:

- 1. Become familiar with the requirements for AACD Accreditation
- 2. See examples of Accreditation cases
- 3. Understand why a credential in cosmetic dentistry is desirable

#### Morning

#### A103 TOPIC • ACCREDITATION

Laboratory Technician Accreditation Workshop

#### Nelson Rego, CDT

9:30 am - 12:30 pm Location: Level 1 - Room 104 - HCC AGD Subject Code: 780 CE Units: 3.0L

#### Learning Objectives:

- 1. Become familiar with AACD Accreditation requirements
- 2. See Accreditation case examples
- 3. Understand why achieving a credential in cosmetic dentistry is desirable

LECTURE

LECTURE

ه 🚯

#### Morning

#### HANDS-ON WORKSHOP

#### W150 TOPIC • COMPOSITES

The Centrals and Canines: The Pillar and Post of the Smile Supported by Cosmedent

Dennis Hartlieb, DDS K. William "Buddy" Mopper, DDS

9:30 am - 12:30 pm Location: Level 3 - Room 313 - HCC AGD Subject Code: 254 CE Units: 3.0P

#### Dentist

Learning Objectives:

- 1. Learn how to properly create a central incisor
- 2. Learn how to properly create a cuspid
- 3. Learn how to properly contour, finish, and polish booth teeth

#### HANDS-ON WORKSHOP

#### W151 TOPIC • OCCLUSION

The Marriage of Esthetics, Occlusion, and Comprehensive Dentistry – A Unique Workshop Experience Supported by Whip Mix Corporation

Morning

#### T. Gary Alex, DMD

9:30 am - 12:30 pm Location: Level 2 - Room 209 - HCC AGD Subject Code: 610 CE Units: 3.0P Participants should bring a set of models of their teeth.

#### Dentist

#### Learning Objectives:

- 1. Understand exactly what the difference is between centric relation, centric occlusion, and Maximal Intercuspal Position (MIP)
- 2. Learn techniques to find and record centric relation
- 3. Learn just how to take a facebow transfer and why it is so important

#### Morning

#### HANDS-ON WORKSHOP

#### W153 TOPIC • OVERDENTURE IMPLANTS

**Complete Overdenture Implant Therapy: Treatment Planning** and Clinical Techniques Supported by Heraeus

#### Aldo Leopardi, DDS, BDS, MS

9:30 am - 12:30 pm Location: Level 2 - Room 208 - HCC AGD Subject Code: 673 CE Units: 3.0P

#### Learning Objectives:

- 1. Understand treatment planning for the overdenture patient
- 2. Learn biomechanical principles in prosthetic design: stress broken vs. rigid design
- 3. Learn impression techniques, implant prosthetic components, denture teeth selection, and occlusion

#### Morning

#### HANDS-ON WORKSHOP WA154 TOPIC • DIRECT RESTORATIONS

**Restorative Options for the Dental Assistant** Supported by 3M ESPE Dental

#### Shannon Pace Brinker, CDA, CDD

9:30 am - 12:30 pm Location: Level 2 - Room 201 - HCC AGD Subject Code: 250 CE Units: 3.0P

#### Learning Objectives:

- 1. Understand glass ionomer for Class V proper placement and sandwich technique
- 2. Understand when and how to use materials
- 3. Understand the matrix systems

#### HANDS-ON WORKSHOP

#### WL155 TOPIC • LASERS

High Tech Hygiene: Soft Tissue Lasers and New **Advancements in Materials** Supported by Ivoclar Vivadent

Morning

#### Connie Lorich, RDH

9:30 am - 12:30 pm Location: Level 2 - Room 206 - HCC AGD Subject Code: 497 CE Units: 3.0P

#### Dentist

#### Learning Objectives:

- 1. Understand various laser types and the different benefits they bring to the practice
- 2. Become familiar with using diode lasers and the safety issues involved
- 3. Enhance patient care with new therapeutic materials

#### Morning

HANDS-ON WORKSHOP

W156 TOPIC • DIRECT COMPOSITES The Magic Fill – Mastering Posterior and Anterior Techniques of Direct Composite Supported by Heraeus

#### Joyce Bassett, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 203 - HCC AGD Subject Code: 250 CE Units: 3.0P

#### Dentist

#### Learning Objectives:

- 1. Understand current composite materials, bonding systems, and techniques for predictable outcomes
- 2. Master the techniques of posterior composite placement
- 3. Learn to restore and prepare a composite veneer

WEDNESDAY

#### Morning

#### HANDS-ON WORKSHOP

W157 TOPIC • BONDING

Transitional Bonding: A Realistic Experience Treating a Common but Challenging Case Type Supported by Heracus

#### Corky Willhite, DDS

9:30 am – 12:30 pm Location: Level 2 - Room 202 - HCC AGD Subject Code: 250 CE Units: 3.0P

#### Dentist

#### oundational Clini

#### Learning Objectives:

- 1. Ability to add length to anterior teeth for transitional and long-term success
- 2. Understand how to handle combination porcelain and composite cases
- Learn a step-by-step technique to quickly rehab teeth with composite transitional bonding

Morning **GEM PROGRAM G180 • BOSTON DUCK AND FENWAY PARK TOUR** 9:00 am – 12:30 pm Attendance Limited

#### Spouse/Guest

The Duck and ConDUCKtor will pick you up from the Hynes Convention Center. You will cruise by locations and landmarks that make Boston the birthplace of freedom and a city of firsts. From the golden-domed State House to Bunker Hill and the Boston Garden; Boston Common and Copley Square to the Big Dig; Government Center to fashionable Newbury Street; Quincy Market to the Prudential Tower; and more. And, just when you think you've "quacked" it all ... the Duck splashes into the Charles River for a breathtaking view of the Boston and Cambridge skyline.

At the conclusion of the Duck Tour, you will disembark at Fenway Park, home of the 2004 and 2007 Boston Red Sox World Series Champions. Though generations have come and gone, Fenway Park remains much like it was on opening day April 20, 1912. The park resounds with the echoes of baseball history greats, for this is where the Babe pitched, The Kid hit, Yaz dazzled, and Manny and Ortiz still thrill young fans today.

Soak up the rich history and hear the echoes of the past. Imagine being one of the "Knights of the Keyboard" as you see the view from the Press Box before strolling around the field. When available, fans can also take the opportunity to walk along the warning track and come face-to-face with the fabled Green Monster.

#### Morning

#### **GEM PROGRAM**

**G181 • BEACON HILL HOMES AND WALKING TOUR** 9:30 am – 12:30 pm Attendance Limited

#### Spouse/Guest

Your tour begins at the top of Beacon Hill as you enjoy an overview of the State House, the 54th Regiment Memorial and views of the Back Bay, The Boston Public Common and Public Garden. Strolling down the Hill to the corner of Charles and Beacon Street, you will be met by your host for the private homes in the heart of Beacon Hill tour.

As you amble the cobblestone streets, you will enjoy a behind-the-scene look at the Yankee region's most favored neighborhood. The Hill will portray a picturesque history through the various brownstones, famous residential addresses and time-owned anecdotes about the lives of the residents both past and present. Inside each home, your host will outline the original detail, as well as the current design, including the complexities of owning a private historic home and bringing it to modern day standards within the parameters of the historical society.

#### Afternoon

#### L125 TOPIC • VENEERS

The No-Prep Veneer Journey...Where Are We Now?

#### Dennis Wells, DDS

2:00 pm – 5:00 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 253 CE Units: 3.0L

#### Dentist Intermediate Clinical

#### Learning Objectives:

- 1. Understand the important aspects of case selection which lead to successful no-prep veneer cases
- Discover new paradigms in prototype development, post-cementation recontouring, margin design, and overall smile design which enable minimally invasive dentistry
- Understand the reasons why this ultra-conservative approach is one of the most satisfying procedures for dental teams and one of the most appreciated by patients

#### Afternoon

#### **L126 TOPIC • COSMETIC DENTISTRY** Failures I Have Known

LECTURE

LECTURE

۱D)

#### Moderator \* Marty Zase, DMD

2:00 pm – 5:00 pm Location: Level 3 - Room 310 - HCC AGD Subject Code: 149 CE Units: 3.0L

\*Speakers will be compliments of New England Academy of Cosmetic Dentistry

Dentist Foundational Clinical

#### Learning Objectives:

- 1. Learn to accept failures by focusing on what you learn from the failure
- 2. Learn that even the best clinicians make mistakes, but each mistake is an opportunity for growth
- 3. Learn why we call it "The Practice of Dentistry"

LECTURE

LECTURE

#### Afternoon

#### L127 TOPIC • ORTHODONTICS

Short Term Orthodontics – A Vital Tool for Conservative Cosmetic Dentistry

#### Ryan Swain, DMD

2:00 pm – 5:00 pm Location: Level 3 - Room 308 - HCC AGD Subject Code: 370 CE Units: 3.0L

#### Dentist

#### Clinica

#### Learning Objectives:

- 1. Learn the difference between comprehensive orthodontics, short-term orthodontics, and aligner orthodontics
- Understand the case selection mindset associated with short-term orthodontic treatment
- Learn how short-term orthodontics can be used in conjunction with other cosmetic dentistry types to provide conservative and predictable results

#### Afternoon

LECTURE

LECTURE

ی 🕩

#### L128 TOPIC • TREATMENT PLANNING

Accelerated Cosmetic Treatment (ACT): Creative Problem-Solving of Complex Makeover Cases

#### Wynn Okuda, DMD

2:00 pm – 5:00 pm Location: Level 3 - Room 309 - HCC AGD Subject Code: 780 CE Units: 3.0L

#### Dentist

Clinical

#### Learning Objectives:

- 1. Understand the use of creative concepts in problem solving esthetic cases
- 2. Understand a new accelerated treatment approach to maximizing esthetic results
- 3. Understand the use of combination therapy in ACT

LECTURE

### Afternoon

#### **L129 TOPIC** • WHITENING Tooth Whitening: Where Are We Today?

### So-Ran Kwon, DDS, MSD, PhD

2:00 pm – 5:00 pm Location: Level 3 - Room 304 - HCC AGD Subject Code: 781 CE Units: 3.0L

#### All Attendees

#### Advanced

#### Learning Objectives:

- 1. Understand current concepts and techniques of tooth whitening
- 2. Recognize the dental teams role in tooth whitening
- 3. Learn how to combine tooth whitening with cosmetic dentistry

#### Afternoon

#### L130 TOPIC • DIRECT RESIN

Giving Your Patients Something to Smile About: The Art of Direct Resin Supported by Ivoclar Vivadent

#### Ronald Jackson, DDS

2:00 pm – 5:00 pm Location: Level 2 - Room 207 - HCC AGD Subject Code: 254 CE Units: 3.0L Recommended lecture for W253 and W262

#### Dentist

#### undational Clinic

#### Learning Objectives:

- 1. Learn the essential features of a naturally shaded composite system
- 2. Understand the stratification of opacities to achieve life-like restorations
- 3. Be able to apply these conservative techniques practically and efficiently in a general practice

#### Afternoon

#### L131 TOPIC • COMPOSITES

Achieving Consistent Results with Direct Anterior and Posterior Composites – Part II Supported by Tokuyama

#### Newton Fahl, Jr, DDS, MS

2:00 pm – 5:00 pm Location: Level 2 - Room 210 - HCC AGD Subject Code: 250 CE Units: 3.0L

#### Dentist Foundational Clinic

#### Learning Objectives:

- 1. Identify the most suitable materials and shades for direct posterior restorations
- 2. Understand a layering technique that establishes a correct occlusal morphology to minimize finishing and optimize occlusal contacts
- Learn how to achieve physiologically tight proximal contacts and correct embrasure forms

#### Afternoon

#### L132 TOPIC • SMILE DESIGN Digital Smile Design Supported by MicroDental

#### Lee Culp, CDT Ed McLaren, DDS

2:00 pm – 5:00 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 138 CE Units: 3.0L

### Dentist Lab Tech Foundational Clin

#### Learning Objectives:

- 1. Learn how computer design software will become the main communication technology between dentists and laboratory technicians
- technology between dentisis and laboratory technici
- 2. Understand digital smile design techniques
- 3. Learn how to incorporate technology applications into clinical dentistry

LECTURE

#### Afternoon

#### TOWN HALL MEETING ے 🚯

#### L133 TOPIC • AFFILIATES Affiliate Town Hall Meeting

#### Hugh Flax, DDS

2:00 pm - 5:00 pm Location: Level 1 - Room 107 - HCC AGD Subject Code: 770 CE Units: 3.0L

#### All Attendees

#### Learning Objectives:

- 1. Learn how to uphold the AACD's standards of excellence on a local level
- 2. Understand the multiple resources the AACD Executive Office provides to AACD Affiliates
- 3. Discover ways AACD Affiliates can support and benefit the AACD's mission while growing robust organizations locally

#### A102 TOPIC • ACCREDITATION Criteria Worksbop

#### Bradley J. Olson, DDS

2:00 pm - 4:00 pm Location: Level 3 - Room 311 - HCC AGD Subject Code: 780 CE Units: 2.0L

Dentist	Lab Tech	Foundational	Clinical		
Accreditation Required					

#### Learning Objectives:

- 1. Become familiar with the criteria used in Accreditation examinations
- 2. See examples of dentistry that satisfy or fall short of the criteria
- 3. Understand the relationship between Accreditation criteria and excellence in cosmetic dentistry

#### Afternoon

#### HANDS-ON WORKSHOP

W160 TOPIC • CONTOURING AND POLISHING Are Teeth Sexy? Only if They Have Great Shape! Supported by Cosmedent

#### Corky Willhite, DDS

2:00 pm - 5:00 pm Location: Level 3 - Room 313 - HCC AGD Subject Code: 254 CE Units: 3.0P

#### Dentist

#### Learning Objectives:

- 1. Learn how to properly contour anterior composite restorations
- 2. Learn how to reduce reoccurring stains, white lines, and visible margins
- 3. Learn a systematic approach to polishing anterior composites

#### Afternoon

#### HANDS-ON WORKSHOP

#### W161 TOPIC • GLASS IONOMERS

Glass Ionomers: A Therapeutic Alternative to Direct **Composite Restorations** Supported by GC America

#### Daniel Ward, DDS

2:00 pm - 5:00 pm Location: Level 2 - Room 204 - HCC AGD Subject Code: 250 CE Units: 3.0P Participants should bring magnification/loupes.

#### Learning Objectives:

- 1. Learn the advantages of using glass ionomer based restorative materials to reduce post operative sensitivity with bio-active glass ionomer materials
- 2. Discover different forms of glass ionomer materials and the indications for each
- 3. Understand therapeutic properties of glass ionomer restorative materials

Afternoon

HANDS-ON WORKSHOP

### W162 TOPIC • CAD/CAM

Maximizing the Esthetics of All-Ceramic CAD/CAM Restorations

Supported by Ivoclar Vivadent

### James Klim, DDS

2:00 pm - 5:00 pm Location: Level 2 - Room 206 - HCC AGD Subject Code: 615 CE Units: 3.0P

#### Dentist

#### Learning Objectives:

- 1. Understand what lithium disilicate is and how it benefits your practice and patients
- 2. Learn how to characterize IPS e.max CAD restorations
- 3. Understand cementation options and prep requirements for IPS e.max CAD

#### HANDS-ON WORKSHOP

W163 TOPIC • MINIMALLY INVASIVE DENTISTRY Mimic Nature with Composites Supported by Heraeus

Afternoon

#### Brian LeSage, DDS 2:00 pm - 5:00 pm

Location: Level 2 - Room 203 - HCC AGD Subject Code: 254 CE Units: 3.0P

#### Dentist

#### Learning Objectives:

- 1. Using dentin and enamel shades to create an entire tooth form
- 2. Unique layering techniques and eight steps to create a seamless restoration
- 3. Mimic nature's color and form; creating beautiful and undetectable restorations

# WEDNESDAY • MAY 18

# Afternoon

# HANDS-ON WORKSHOP

W164 TOPIC • DIGITAL DENTISTRY The Promise of Digital Dentistry is Here Supported by 3M ESPE Dental

#### Christopher Ramsey, DMD Robert Ritter, DMD

2:00 pm – 5:00 pm Location: Level 1 - Room 201 - HCC AGD Subject Code: 615 CE Units: 3.0P

#### Dentist

Afternoon

Clinic

#### Learning Objectives:

- 1. Develop and execute proper case selection, and prep design for successful results
- 2. Understand doctor/laboratory communication
- 3. Learn how to integrate digital dentistry into the office workflow

# HANDS-ON WORKSHOP

# W165 TOPIC • OCCLUSION Making Beauty Function – Keys to Anterior Pathways

Lee Ann Brady, DMD Steve Ratcliff, DDS, MS

2:00 pm – 5:00 pm Location: Level 2 - Room 202 - HCC AGD Subject Code: 180 CE Units: 3.0P

# Dentist

#### Learning Objectives:

- 1. Learn how to solve the issue with overjet and save your case
- 2. Learn easy steps to move your wax-up to the mouth
- 3. Understand what crossover is and how to refine anterior guidance edge-to-edge

# Afternoon

HANDS-ON WORKSHOP

WA166 TOPIC • WHITENING There's No Such Thing as Too White Supported by Heraeus

# Shannon Pace Brinker, CDA, CDD

2:00 pm – 5:00 pm Location: Level 2 - Room 208 - HCC AGD Subject Code: 781 CE Units: 3.0P

#### Dental Assistant

Clin

# Learning Objectives:

- 1. Learn how to take impressions for home whitening trays
- 2. Perfect your technique for pouring and trimming models
- 3. Learn how to fabricate whitening trays

# Now, take the jCD with you wherever you go!

Great news for AACD members: The *Journal of Cosmetic Dentistry* is not only available as print and digital editions, but iPad and iPhone apps are now available.

Just go to the Apple App store from your iPad or iPhone and search on AACD. The app is free and offers you more ways to read your favorite clinical publication.

Register until Wednesday, May 18 at 6:00 pm CT at the AACD Registration Desk.

Through our personal experience working with higher learning institutions like The Dawson Academy, The Massad Institute and The Spear Institute, we have developed a premium, highly life-like series of removable dentures, partial dentures and implant prosthetics to enhance your practice offering.

FCTURE ی 🕼

# Morning

# L210 TOPIC • IMPLANTS

Avoiding and Managing Single and Multiple Tooth Aesthetic **Implant Failures** 

# Stephen Chu, DMD, MSD, CDT Dennis Tarnow, DDS

9:30 am - 12:30 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 690 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Understand the proper 3-D spatial placement of anterior single tooth implants (STI) in the aesthetic zone and its impact on the facial and interdental tissues
- 2. Understand the indications and contraindictations for immediate vs. delayed implant placement and restoration
- 3. Understand the role of the provisional restoration in immediate and delayed implant sites

#### Morning

LECTURE

LECTURE

nd) 🔊

LECTURE

ی 🕩

# **L211 TOPIC • BONDING MATERIAL** Untangling the Confusion of Today's Adhesion Materials

# Ed Swift, Jr. DMD, MS

Lab Tech

9:30 am - 12:30 pm Location: Level 3 - Room 310 - HCC AGD Subject Code: 017 CE Units: 3.0L

# Dentist

#### Learning Objectives:

- 1. Understand how resin-based adhesives work
- 2. Learn the relative advantages and disadvantages of the available options for adhesive bondina
- 3. Understand the types of cements that are available and where they should be used

# Morning

# **L213 TOPIC • COMPOSITES**

Achieving Imperceptible Resin Composite Restorations in Daily Practice

# Marcos Vargas, DDS

9:30 am - 12:30 pm Location: Level 1 - Room 104 - HCC AGD Subject Code: 254 CE Units: 3.0L

Dentist	Foundational	

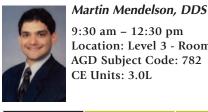

# Learning Objectives:

- 1. Master shade selection and cavity preparation for optimal blending
- 2. Learn resin composite manipulation and layering to achieve natural tooth vitality
- 3. Understand finishing and polishing to obtain restorations that mimic tooth structure

### Morning

# **L214 TOPIC • COLOR SCIENCE**

Shade Science and Common Shade Taking Errors: Pearls for Your Practice to Increase Predictability

9:30 am - 12:30 pm Location: Level 3 - Room 309 - HCC AGD Subject Code: 782

# All Attendees

### Learning Objectives:

Techniques, and Materials

- 1. Understand common shade taking errors that are common in practice today
- 2. Learn four elements that influence predictable success in shade selection and
- color communication 3. Learn pearls on how to take predictable shades with modern evidence based shade selection instrumentation

Morning

#### LECTURE 🕩 🌑 **L215 TOPIC • ACCREDITATION (CASE TYPE I)** Indirect Porcelain Veneers – Cutting-Edge Concepts,

Dennis Wells, DDS

9:30 am - 12:30 pm Location: Level 3 - Room 311 - HCC AGD Subject Code: 783 CE Units: 3.0L

Dentist	Lab Tech	Advanced	Clinical		
Accreditation Recommended					

# Learning Objectives:

- 1. Understand what constitutes an ideal case for Accreditation
- 2. Understand how to accurately determine the degree of preparation needed (if any) to optimize the final result and maximize the amount of enamel remaining
- 3. Understand various successful Accreditation case components and how to achieve them clinically

# Morning

# **L216 TOPIC • DENTAL HYGIENE** Killing the Parrot Part 1

# Patti DiGangi, RDH, BS Shirley Gutkowski, RDH

9:30 am - 12:30 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 550 CE Units: 3.0L

This is Part 1 of a full two-day program - not a repeated course. It is suggested that you register for all four courses · L216 · L235 · WL320 · WL335.

#### Learning Objectives:

- 1. Discover what inter-operable electronic health record (HER) means for your practice and how to identify red flag clues from health histories
- 2. Identify basic principles of evidence based decision making and clinical decision support systems and explore the latest research on oral-systemic links
- 3. Define risk assessment and minimal intervention paradiam shift

LECTURE

#### LECTURE Morning ی 🕼 L217 TOPIC • BUSINESS MANAGER PROGRAM

\*THIS COURSE HAS THREE PRESENTATIONS **Critical Communications: Using Your Practice Management** Program to Unlock Technology in Your Practice

# Laci Phillips

9:30 am - 10:20 am Location: Level 1 - Room 102 - HCC AGD Subject Code: 552 CE Units: 3.0L

### Learning Objectives:

- 1. Understand the appointment book, ledger, clinical chart, and the communication that accompanies each
- 2. Enhance your new patient experience using your Practice Management Program (PMP)
- 3. Examine electronic notes in each module

# L217 \*CONTINUED

Production, Profits, and Staff Raises: Make More and Work Less!

# Larry Guzzardo

10:30 am - 11:20 am Location: Level 1 - Room 102 - HCC AGD Subject Code: 552

# Office Personnel

# Learning Objectives:

- 1. Discover an easy way to determine how much your practice can produce each year, if it will be enough, and how much is your share
- 2. Discover a simple method to calculate how many working days are necessary each year and still take a vacation
- 3. Discover the actual cost of write-offs and discounted dentistry

# L217 \*CONTINUED Power Up Your Interviewing Skills

Tim Twigg

11:30 am - 12:30 pm Location: Level 1 - Room 102 - HCC AGD Subject Code: 552

# Learning Objectives:

- 1. Learn how to evaluate candidates behaviorally
- 2. Know the questions that get behind the scenes
- 3. Make it tougher for candidates to ace your interview

# All Day

# **L218 TOPIC • MATERIALS & TECHNIQUES** The Dental Assistants Extravaganza

Shannon Pace Brinker, CDA, CDD Tina Calloway, CDA Niki Henson, RDA

9:30 am – 5:00 pm Location: Level 1 -Room 101 - HCC AGD Subject Code: 017 CE Units: 6.0L

#### Learning Objectives:

- 1. Discover new technologies that can be utilized by the dental team, such as: CAD/CAM dentistry, digital impressions, computerized shade devices, isolations, and diagnosing tools
- 2. Discover step-by-step procedural techniques that allow the practice to immediately increase the esthetic and anatomic quality of the restorations they create
- 3. Discover how exquisite provisional restorations serve as an anatomic and esthetic blueprint for the laboratory and laboratory communications

Morning	Lecture
<b>L219 TOPIC</b> • <b>PATIENT COORDINATOR</b> How to Learn What Patients Want	•• 📀

# Sandy Roth

9:30 am - 12:30 pm Location: Level 1 - Room 103 - HCC AGD Subject Code: 550 CE Units: 3.0L

Patient Coordinator

#### Learning Objectives:

- 1. Learn the difference between a problem and a condition and why that matters
- 2. Learn where your patients get the only say and where you say counts
- 3. Learn how to learn what patients want

LECTURE nd) 🔊

### Morning

# A200 • A201 TOPIC • ACCREDITATION

Accreditation Written Examination

7:30 am – 12:00 pm

Location: Level 3 - Commonwealth - Sheraton Attendance limited to dentists and laboratory technicians

Dentist	Lab Tech

#### Accreditation Required

The Accreditation Written Examination challenges each individual's knowledge in the foundational aspects of cosmetic dentistry. Dentists and laboratory technicians well-versed in all phases of cosmetic dentistry are expected to successfully complete this first-step in the Accreditation process. Failure to pass the written examination indicates further education would be beneficial prior to attempting the clinical cases. The following requirement must be met to register for the written examination:

1. Application submitted with all applicable fees paid prior to the application deadline and prior to taking the written examination.

Pre-registration for the 2011 written examination concludes when the registration desk closes on Wednesday, May 18, 2011 at 6:00 pm CT. Please complete and submit your application prior to this date and time. Applications will NOT be accepted the morning of the written examination. Please arrive early, as the written examination begins at 7:30 am sharp.

# Morning LECTURE A202 TOPIC • ACCREDITATION Examiner Calibration

# Nils Olson, DDS

9:30 am – 12:30 pm Location: Level 3 - Room 308 - HCC AGD Subject Code: 738 CE Units: 3.0L

Dentist	Lab Tech	Foundational
	Accreditati	ion Required

# Learning Objectives:

- 1. Inform, analyze, and calibrate Accreditation Examiners to Accreditation standards
- 2. Evaluate and test Accreditation Examiners
- 3. Review the evolution of the Accreditation criteria and how to objectively utilize it in the examination process

# Morning

LECTURE

# HANDS-ON WORKSHOP

W250 TOPIC • TRANSLUCENCY & CHARACTERIZATION Incisal Translucency and Characterization: You Can Do It! Supported by Cosmedent

### John Derango, DDS Robert Margeas, DDS

9:30 am – 12:30 pm Location: Level 3 - Room 313 - HCC AGD Subject Code: 254 CE Units: 3.0P

# Foundational Clinica

### Learning Objectives:

Dentist

1. Learn how to properly sculpt and shape composite at the incisal edge to create translucency

- 2. Learn a successful replication of characterization utilizing composite
- 3. Learn proper instrumentation to ensure optimal esthetics

# Morning Hands-On Workshop

#### W251 TOPIC • SMILE SIMULATION Present More Simulations...Do More Cases. Reproducible Simulations Equal Satisfied Patients! Supported by Dental GPS

Alain Méthot, DMD

9:30 am – 12:30 pm Location: Level 2 - Room 209 - HCC AGD Subject Code: 557 CE Units: 3.0P

Repeated Thursday, 2:00 pm - 5:00 pm • W261

# Dentist Lab Tech Foundational Clinical

# Learning Objectives:

- 1. Understand the diagnostic M Ruler and learn to offer different treatment plan options for each case
- 2. Create a variety of simulations such as: 10-second whitening, gum and teeth repairs, veneers, crowns, bridges and complete and partial dentures
- 3. Present before and after final simulations to the patient and share the smile prescription with laboratories

# Morning

# HANDS-ON WORKSHOP

# W252 TOPIC • POSTERIOR COMPOSITES Predictable Posterior Composites

Supported by GC America

# Christopher Ramsey, DMD Robert Ritter, DMD

9:30 am – 12:30 pm Location: Level 2 - Room 204 - HCC AGD Subject Code: 255 CE Units: 3.0P

# Dentist Foundational Clinical

- 1. Understand the role of glass ionomers
- Understand the benefits of seventh generation adhesives providing posterior esthetics with composite materials
- 3. Utilize the latest sectional matrix systems for predictable contacts and embrasure form

# Morning

# HANDS-ON WORKSHOP

# W253 TOPIC • COMPOSITES

Composite Artistry Workshop Supported by Ivoclar Vivadent

# Ronald Jackson, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 206 - HCC AGD Subject Code: 254 CE Units: 3.0P Repeated Thursday, 2:00 pm - 5:00 pm • W262 Recommended lecture • L130. Information covered in the lecture is essential for participation in this hands-on course.

Dentist	Intermediate	Clinical

# Learning Objectives:

- 1. Achieve life-like restorations and cosmetic enhancements using composite resin
- 2. Gain a practical understanding of opacity and translucency
- 3. Accomplish finishing and polishing, quickly and predictably

# Morning

# HANDS-ON WORKSHOP

#### W254 TOPIC • ADHESIVES **Direct Adbesive Restorative Dentistry** Supported by Ultradent

# Chad J. Anderson, DMD, MS Gerard Kugel, DMD, MS, PhD

9:30 am - 12:30 pm Location: Level 2 - Room 207 - HCC AGD Subject Code: 017 CE Units: 3.0P

Dentist

# Learning Objectives:

- 1. Understand composite properties and their clinical relevance
- 2. Learn layering techniques for anterior and posterior composite
- 3. Understand advances in adhesive dentistry such as 6th and 7th generation bonding

# Morning

# HANDS-ON WORKSHOP

W255 TOPIC • IMPLANTS **Estbetic Implant Retained Overdentures** Supported by Heraeus

David Little, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 208 - HCC AGD Subject Code: 670 CE Units: 3.0P Repeated Thursday, 2:00 pm - 5:00 pm • W264

# Learning Objectives:

Dentist

- 1. Learn diagnosis and treatment planning for implant retained overdentures including CT scans, surgical guides, and esthetic tooth selection
- 2. Learn impression techniques, proper abutment and attachment selection, and how to pick implant overdenture attachments intra-orally
- 3. Learn how to present overdenture options to patients and determine a fair fee for the implant overdenture case

# Morning

# W256 TOPIC • VENEERS

**Creating Veneer Success** Supported by 3M ESPE Dental

# Betsy Bakeman, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 201 - HCC AGD Subject Code: 783 CE Units: 3.0P Participants should bring magnification/loupes.

# Learning Objectives:

Dentist

Morning

- 1. Develop preparation design skills and confidence using preparation reduction guides
- 2. Develop provisionalization methods to minimize problems and fabricate provisionals that look good
- 3. Learn a simplified technique for predictable bond veneers

# HANDS-ON WORKSHOP

#### W257 TOPIC • COMPOSITES Composite Restorative Dentistry: Using Bulk Fill Flowable **Composites to Simplify Placement** Supported by Heraeus

# Robert Lowe, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 203 - HCC AGD Subject Code: 017 CE Units: 3.0P

# Dentist

### Learning Objectives:

- 1. Learn reproducible techniques to create accurate and aesthetic tooth morphology in composite resin for posterior teeth
- 2. Understand new innovations in adhesive dentistry
- 3. Learn finishing and polishing techniques that create natural surface texture and reflection

# Morning

# HANDS-ON WORKSHOP

W258 TOPIC • TEMPORIZATION Artistic Smile Design: Facial Changes Through Temporization Supported by DMG America

# Elliot Mechanic, DDS, BSc

9:30 am - 12:30 pm Location: Level 2 - Room 202 - HCC AGD Subject Code: 610 CE Units: 3.0P Repeated Thursday, 2:00 pm - 5:00 pm • W267

Dentist

# Learning Objectives:

- 1. Understand the principles of artistic smile design and the role of provisional restoration as a prototype
- 2. Learn smile design alteration through artistic temporization and the modifications necessary to achieve facial changes
- 3. Understand impression taking, bite registration, and bite adjustment

HANDS-ON WORKSHOP

### Morning

# HANDS-ON WORKSHOP

W259 TOPIC • CAD/CAM Achieving Clinical Excellence with CEREC 3-D CAD/CAM Technology Supported by Tech Squared Dental Studios and Vident

Steve Balogh, MDT Martin Prager, DDS Jeffrey Shapiro, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 210 - HCC AGD Subject Code: 615 CE Units: 3.0P

Repeated Thursday 2:00 pm - 5:00 pm • W269

Dentist	Foundational	Clinical
---------	--------------	----------

#### Learning Objectives:

- 1. Understand the entire integrated CEREC 3-D system and materials
- 2. Develop the skills needed to scan, print, stain, and glaze excellent in-office or laboratory fabricated restorations
- 3. Understand CEREC 3-D system flexibility and range of applications, including Cerec Connect

**GEM PROGRAM** Morning **G280 • BOSTON DUCK AND FENWAY PARK TOUR** 9:00 am - 12:30 pm Attendance Limited

#### Spouse Guest

The Duck and ConDUCKtor will pick you up from the Hynes Convention Center. You will cruise by locations and landmarks that make Boston the birthplace of freedom and a city of firsts. From the golden-domed State House to Bunker Hill and the Boston Garden; Boston Common and Copley Square to the Big Dig; Government Center to fashionable Newbury Street; Quincy Market to the Prudential Tower; and more. And, just when you think vou've "quacked" it all ... the Duck splashes into the Charles River for a breathtaking view of the Boston and Cambridge skyline.

At the conclusion of the Duck Tour, you will disembark at Fenway Park, home of the 2004 and 2007 Boston Red Sox World Series Champions. Though generations have come and gone, Fenway Park remains much like it was on opening day April 20, 1912. The park resounds with the echoes of baseball history greats, for this is where the Babe pitched, The Kid hit, Yaz dazzled, and Manny and Ortiz still thrill young fans today.

Soak up the rich history and hear the echoes of the past. Imagine being one of the "Knights of the Keyboard" as you see the view from the Press Box before strolling around the field. When available, fans can also take the opportunity to walk along the warning track and come face-to-face with the fabled Green Monster.

# Morning

# **GEM PROGRAM** G281 • "LA DOLCE" VITA NORTH END CULINARY TOUR 10:00 am - 2:00 pm Attendance Limited

Spouse Guest

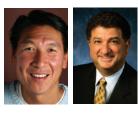

A docent-guided tour will provide insight on the infamous "Little Italy" of Boston, the North End. This borough attracts visitors and Bostonians alike with its intimate and familial setting. One of the oldest neighborhoods in America, the North End is made up of quaint and narrow cobblestone streets. You will stroll while listening to a brief history of the area. As you amble along, you will make stops at various shops which may include: a pastry shop, a confection store, a coffee/spice store, a green grocer, a salumeria (deli) and a liquor store.

The guide will divulge secrets on how to spot authentic ingredients, where to buy and how to prepare them. You will be encouraged to get involved by sampling and asking questions throughout the tour. As an added benefit, insights on different restaurants in the area will be shared. Handouts describing the different stores along the way will also be distributed at the end of the tour.

# Afternoon

LECTURE 🕩 🌑

L225 TOPIC • IMPLANTS Avoiding and Managing Single and Multiple Tooth Aesthetic **Implant Failures** 

Stephen Chu, DMD, MSD, CDT Dennis Tarnow, DDS

2:00 pm - 5:00 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 690 CE Units: 3.0L

Dentist	Lab Tech	Foundational	Clinical

#### Learning Objectives:

- 1. Understand the aesthetic implications associated with multiple tooth implants (MTI) in the aesthetic zone
- 2. Know the treatment planning options for multiple anterior missing tooth sites
- 3. Know when a surgical, prosthetic, or combination solution is the best treatment plan option in aesthetic corrections

Afternoon

# LECTURE

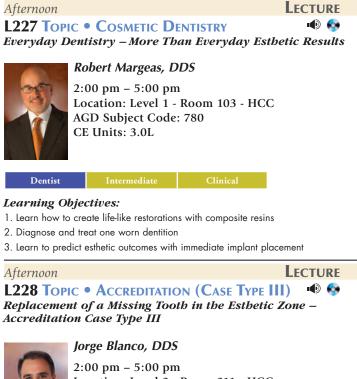

**L226 TOPIC • CLINICAL COMMUNICATION** ഫ്) 🔊 **Clinical Communication for Estbetic Case Acceptance** 

# Lee Ann Brady, DMD

2:00 pm - 5:00 pm Location: Level 3 - Room 309 - HCC AGD Subject Code: 550 CE Units: 3.0L

### All Attendees

- 1. Create engaged patients by using templates to present esthetic treatment
- 2. Increase esthetic case acceptance using treatment presentation timing
- 3. Understand the patient decision-making process

# 2:00 pm – 5:00 pm Location: Level 3 - Room 311 - HCC AGD Subject Code: 780 CE Units: 3.0L

Dentist	Lab Tech	Foundational	Clinical		
Accreditation Recommended					

# Learning Objectives:

- 1. Evaluate and manage tissue architecture when replacing a missing tooth in the esthetic zone
- 2. Clarify how proper case selection is essential for achieving optimal results
- 3. Understand tooth replacement pros and cons with implant versus a fixed bridge

Afternoon	Lecture
L229 TOPIC • BULIMIA	🕪 🍥
Bulimia is a Dental Disease	

# E

*Brian McKay, DDS* 2:00 pm – 5:00 pm

Location: Level 3 - Room 310 - HCC AGD Subject Code: 750 CE Units: 3.0L

### All Attendee

Foundational Non-Clin

# Learning Objectives:

- 1. Learn the dentist's role in the detection of eating disorders
- 2. Learn the importance of including office staff and other treatment professionals
- 3. Develop an understanding of how a non-judgmental approach can be successful in reaching the eating disorder patient

# Afternoon

# **L231 TOPIC • PHOTOGRAPHY**

Photography Lecture for Accreditation Documentation

17 Seelle	Brett Magnuson, L	DMD	
	2:00 pm- 5:00 pm Location: Level 3 - AGD Subject Code CE Units: 3.0L Recommended lecture f	:: 562	С
Dentist	Lah Tech	Foundational	Non-C

Accreditation Recommended

# Learning Objectives:

- 1. Learn photography basics and equipment options
- 2. Learn how to perfect images for the AACD Accreditation photography series
- Manage RAW images, conversion to JPEG, and create an AACD PowerPoint® presentation for mentor communication

# Afternoon L232 TOPIC • TEAM TOOLS

# Tool Time! Tools of Cooperation and Change

# Rhonda Mullins

2:00 pm – 5:00 pm Location: Level 1 - Room 104 - HCC AGD Subject Code: 550 CE Units: 3.0L

# Patient Coordinator Foundational Non-Clinical

# Learning Objectives:

- 1. Distinguish the difference between "Power Tools" and "Hand Tools"
- 2. Learn the four areas of "Cooperation Tools" and the only ones that work
- 3. Create decision-making milestone metrics for success in a change model

# Afternoon

# Larry Guzzardo

2:00 pm – 5:00 pm Location: Level 1 - Room 102 - HCC AGD Subject Code: 552 CE Units: 3.0L

# Office Personnel Foundational Non-Clinical

# Learning Objectives:

- 1. Learn effective new patient phone call strategies and verbal skills for presenting treatment and improving case acceptance
- 2. Learn three necessary steps for every new patient experience
- 3. Learn to monitor specific practice numbers and know what they reflect to maintain a stress free schedule and improve productivity

#### Afternoon

LECTURE

# **L235 TOPIC** • **DENTAL HYGIENE** *Killing the Parrot Part 2*

Patti DiGangi, RDH, BS Shirley Gutkowski, RDH

2:00 pm – 5:00 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 550 CE Units: 3.0L

This is Part 2 of a full two-day program – not a repeated course. It is suggested that you register for all four courses  $\cdot$  L216  $\cdot$  L235  $\cdot$  WL320  $\cdot$  WL335

vgienist

dational Non-Cl

# Learning Objectives:

- 1. Redefine your 60 (or 30, 40, 45) minutes to formulate a plan of action for every visit
- 2. Learn to make it happen productive and determine how to create a proposal
- 3. Introduce dental benefit basics for the clinical team

# Afternoon

# HANDS-ON WORKSHOP

# W260 TOPIC • TRANSLUCENCY

*The Translucent Incisal 1/3rd, The Lingerie of the Smile* <u>Supported by Cosmedent</u>

# Dennis Hartlieb, DDS

K. William "Buddy" Mopper, DDS

2:00 pm – 5:00 pm Location: Level 3 - Room 313 - HCC AGD Subject Code: 780 CE Units: 3.0P

#### Learning Objectives:

Dentist

- 1. Learn intersculpting techniques for the incisal 1/3 of the anterior teeth
- 2. Learn how to properly use tints and incisal composites to enhance incisal translucency
- 3. Learn how to properly characterize, finish, and polish the final restoration

# Afternoon

HANDS-ON WORKSHOP

**W261 TOPIC** • SMILE SIMULATION Present More Simulations...Do More Cases. Reproducible Simulations Equal Satisfied Patients

Supported by Dental GPS

# Alain Méthot, DMD

Lab Tech

2:00 pm – 5:00 pm Location: Level 2 - Room 209 - HCC AGD Subject Code: 557 CE Units: 3.0P

Repeated Thursday, 9:30 am - 12:30 pm · W251

Dentist

Foundationa

# Learning Objectives:

- 1. Understand the diagnostic M Ruler and learn to offer different treatment plan options for each case
- 2. Create a variety of simulations such as: 10-second whitening, gum and teeth repairs, veneers, crowns, bridges and complete and partial dentures
- 3. Present before and after final simulations to the patient and share the smile prescription with laboratories

# Afternoon

# W262 TOPIC • COMPOSITES

Composite Artistry Workshop Supported by Ivoclar Vivadent

# Ronald Jackson, DDS

2:00 pm – 5:00 pm Location: Level 2 - Room 206 - HCC AGD Subject Code: 254

**CE Units: 3.0P** *Repeated Thursday, 9:30 am – 12:30 pm • W253* 

Recommended lecture • L130. Information covered in the lecture is

essential for participation in this hands-on course.

### ntermediate Clinical

# Learning Objectives:

Dentist

Afternoon

- 1. Achieve life-like restorations and cosmetic enhancements using composite resin
- 2. Gain a practical understanding of opacity and translucency
- 3. Accomplish finishing and polishing, quickly and predictably

# HANDS-ON WORKSHOP

# W263 TOPIC • ADHESION

Adhesive Update 2011 – Hands-on Shear Bond Testing Supported by Ultradent Products

# Christopher Ramsey, DMD Robert Ritter, DMD

2:00 pm – 5:00 pm Location: Level 2 - Room 207 - HCC AGD Subject Code: 017 CE Units: 3.0P

# Dentist Foundational Clini

# Learning Objectives:

- 1. Understand the generations of dental adhesives and the differences between enamel and dentin bonding
- 2. Learn how to eliminate postoperative sensitivity
- 3. Learn what shear bond strength truly means

Afternoon

# HANDS-ON WORKSHOP

# W264 TOPIC • IMPLANTS

Esthetic Implant Retained Overdentures Supported by Heraeus

# David Little, DDS

2:00 pm – 5:00 pm Location: Level 2 - Room 208 - HCC AGD Subject Code: 670 CE Units: 3.0P

Repeated Thursday, 9:30 am - 12:30 pm • W255

Dentist Foundational Clin

- 1. Learn diagnosis and treatment planning for implant retained overdentures including CT scans, surgical guides, and esthetic tooth selection
- 2. Learn impression techniques, proper abutment and attachment selection, and how to pick implant overdenture attachments intra-orally
- 3. Learn how to present overdenture options to patients and determine a fair fee for the implant overdenture case

# Afternoon

HANDS-ON WORKSHOP

# W265 TOPIC • COMPOSITES

Accreditation Quality Direct Composite Restorations Supported by 3M ESPE Dental

# John Weston, DDS

2:00 pm – 5:00 pm Location: Level 2 - Room 201 - HCC AGD Subject Code: 254 CE Units: 3.0P

#### onal Clinical

Learning Objectives:

Dentist

- 1. Understand how new nano-composite materials help improve anterior restorative success
- 2. See how to easily layer anterior composites and incorporate proper smile design into every case
- 3. Learn the secrets to contouring, finishing, and polishing for brilliant and natural results

# Afternoon

HANDS-ON WORKSHOP

# **W266 TOPIC** • **RESTORATIVE DENTURE** Closing the Inter-Dental Space

Supported by Heraeus

# George Kirtley, DDS

2:00 pm – 5:00 pm Location: Level 2 - Room 203 - HCC AGD Subject Code: 254 CE Units: 3.0P

#### Dentist Foundational Cl

# Learning Objectives:

- 1. Ways to close the inter-dental space
- 2. Learn the original dental status from cranial landmarks
- 3. Natural aesthetic tooth positions

# Afternoon

HANDS-ON WORKSHOP

**W267 TOPIC** • **TEMPORIZATION** Artistic Smile Design: Facial Changes Through Dental Temporization

Supported by DMG America

# Elliot Mechanic, DDS, BSc

2:00 pm – 5:00 pm Location: Level 2 - Room 202 - HCC AGD Subject Code: 610 CE Units: 3.0P

Repeated Thursday, 9:30 am - 12:30 pm · W258

# Dentist Foundational Clinical

# Learning Objectives:

- 1. Understand the principles of artistic smile design and the role of provisional restoration as a prototype
- 2. Learn smile design alteration through artistic temporization and the modifications necessary to achieve facial changes
- 3. Understand impression taking, bite registration, and bite adjustment

# Afternoon

# HANDS-ON WORKSHOP

# W268 TOPIC • ANTERIOR COMPOSITES

Minimal Invasive Dentistry: Solving Anterior Esthetic Problems with Composite Resin Supported by GC America

# Wynn Okuda, DMD

2:00 pm – 5:00 pm Location: Level 2 - Room 204 - HCC AGD Subject Code: 254 CE Units: 3.0P

### Dentist Foundational Cli

### Learning Objectives:

- 1. Create natural results with both a simplified or a complex layering technique with the latest composite resin
- 2. How to achieve invisible margins using minimal invasive techniques
- 3. How to properly layer composite resin for incredible natural results

Afternoon

HANDS-ON WORKSHOP

# W269 TOPIC • CAD/CAM Achieving Clinical Excellence with CEREC 3-D CAD/CAM

*Technology* Supported by Tech Squared Dental Studios and Vident

Steve Balogh, MDT Martin Prager, DDS Jeffrey Shapiro, DDS

2:00 pm - 5:00 pm Location: Level 2 - Room 210 - HCC AGD Subject Code: 615 CE Units: 3.0P Repeated Thursday, 9:30 am - 12:30 pm · W259

#### Dentist Foundational Clinical

- 1. Understand the entire integrated CEREC 3-D system and materials
- Develop the skills needed to scan, print, stain, and glaze excellent in-office or laboratory fabricated restorations
- 3. Understand CEREC 3-D system flexibility and range of applications, including Cerec Connect

# EVENT RECORDINGS

# Accreditation Essentials SelectVue DVD<sup>®</sup> Set 2011

Comprehensive Aesthetics Center Uncompromised Excellence

Commitment, focus & passion mean everything...

Especially when everything counts.

Learn how we can help you reach the ultimate Accreditation on Thursday at the Accreditation Mentoring Session. Experience our commitment, focus and passion firsthand in booth #1807 or call us at (800) 359-2043.

# COSMETICS

Railiara Monser Widon , Cot, AAACD

An Exclusive Division of Knight Dental Group, CDL, DAMAS | (800) 359-2043 | www.knightdentalgroup.com

FCTURE

# Morning

# **L310** TOPIC • INTERDISCIPLINARY COSMETIC CARE • Solution

# David Sarver, DMD, MS

Lab Tech

9:30 am – 12:30 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 697 CE Units: 3.0L

# Learning Objectives:

Dentist

- 1. Learn how the face grows, matures, and ages
- 2. Learn how these changes affect smile design and age appropriate treatment
- 3. Learn how dentoalveolar to skeletal growth affects implant placement

# Morning L311

LECTURE

LECTURE

### **TOPIC** • **GUMMY SMILE** *Pearls from the CORE*

# William Robbins, DDS Jeffrey Rouse, DDS

9:30 am – 12:30 pm Location: Level 1 - Room 103 - HCC AGD Subject Code: 188 CE Units: 3.0L Repeated Friday, 2:00 pm – 5:00 pm • L327

Dentist Advanced Clinical

# Learning Objectives:

- 1. Use "Global" analysis measurements to produce proper rehabilitation diagnosis
- Compare and contrast orthodontic extrusion, periodontal grafting, orthodontic intrusion, and periodontal crown lengthening as tools for correcting gingival architectural deficiencies
- Understand the different levels of daytime/nighttime bruxism, including the bruxism triad

# Composite Mirroring – Aiding with Accreditation and Beyond

**Brian LeSage, DDS** 9:30 am – 12:30 pm

Location: Level 3 - Room 311 - HCC AGD Subject Code: 254 CE Units: 3.0L

Dentist Advanced Clinical

#### Accreditation Recommended

# Learning Objectives:

- 1. Review multiple smile design principles and tie them into the Accreditation examination criteria
- 2. Evaluate fault(s) which compromise reviewed cases and learn to correct and manage many of the AACD Accreditation criteria parameters
- 3. Detailed discussion of contour, finishing, and polishing to create a seamless, undetectable, and appropriate luster to direct composite restorations

### Morning

# L314 TOPIC • ANTERIOR IMPLANTS

Dental Implant Aesthetic Zone Complications: Treatment Planning and Restorative Concepts to Minimize Failures and Achieve Patient Expectations

# Aldo Leopardi, DDS, BDS, MS

9:30 am – 12:30 pm Location: Level 3 - Room 309 - HCC AGD Subject Code: 697 CE Units: 3.0L

### Dentist Intermediate

# Learning Objectives:

- 1. To have an improved understanding of dental implant complications as reported in the literature
- 2. Understand dental implant treatment planning concepts in the aesthetic zone
- 3. Leave with a set of guidelines for achieving predictable aesthetic outcomes in the partially edentulous patient who is missing one or more maxillary anterior teeth

# Morning

# L315 TOPIC • WHITENING

*From Japan's Blackening to America's Whitening* Memorial presentation in honor of AACD and JAED's sistership.

Tomoyuki Tsubaki, DDS

9:30 am – 12:30 pm Location: Level 3 - Room 308 - HCC AGD Subject Code: 781 CE Units: 3.0L

# Dentist Hygienist Intermediate Clinical

- 1. Understand the background of Japanese aesthetics and the MICD (minimal invasive cosmetic dentistry) concept
- 2. Learn new evidence of tooth whitening procedures
- 3. Understand the new tooth whitening products and other related products

# FRIDAY • MAY 20

L316 TOPIC • COMMUNICATION \*THIS COURSE HAS TWO PRESENTATIONS The Past, Present, and Future of Aesthetic Design, a Retrospective

Morning

# Jason Kim, CDT Larry Rosenthal, DDS

9:30 am – 11:00 am Location: Level 3 - Room 304 - HCC AGD Subject Code: 732 CE Units: 3.0L

Dentist Lab Tech

### Learning Objectives:

- 1. Learn systematic, predictable treatment plans, current systems by using conservative, minimal preparations
- 2. Develop strong dentist/ceramist relationships utilizing predictable ceramic systems
- 3. Obtain true facial aesthetic enhancement based on science

# L316 \*CONTINUED

Yesterday, Today, and Tomorrow – A Timely Look at the **Evolution to Lithium Disilicate Ceramic** 

### Matthew Roberts Thomas Trinkner, DDS

11:00 am - 12:30 pm Location: Level 3 - Room 304 - HCC AGD Subject Code: 732

#### Dentist

### Learning Objectives:

- 1. Learn how to maximize the strength, longevity, and the esthetic result of restorative cases by using appropriately a 400 mpa ceramic
- 2. Learn which ingots give desirable esthetic results for specific situations

Lab Tech

3. Learn why to adopt the philosophy of micro layering and how it maximizes restoration strength

# Morning

LECTURE

L317 TOPIC • TEAM TOOLS Slingshot Strategy for Success! With "One Thing" You Do

# **Rhonda Mullins**

9:30 am - 12:30 pm Location: Level 1 - Room 102 - HCC AGD Subject Code: 556 CE Units: 3.0L

# Learning Objectives:

- 1. Identify the risks that prevent you from reaching a higher skill set
- 2. Learn how zero-based thinking works for a team desiring to excel
- 3. Know how to make decisions for intentional congruency in your practice

# Morning

LECTURE

ی 🕼

# L318 TOPIC • BUSINESS MANAGER PROGRAM The Great Paper Debate, Chartless vs. Paperless

9:30 am - 12:30 pm Location: Level 1 - Room 104 - HCC AGD Subject Code: 561 CE Units: 3.0L

# Learning Objectives:

- 1. Understand the difference between chartless and paperless and how to implement them
- 2. Understand government concerns and what the meaning is to the dental team
- 3. Learn different software programs to get you where you want to be

HANDS-ON WORKSHOP

# W319 TOPIC • PHOTOGRAPHY

Photography Hands-On Workshop for Accreditation **Documentation** 

# Brett Magnuson, DMD

Dentist

Morning

9:30 am - 12:30 pm Location: Level 3 - Room 310 - HCC AGD Subject Code: 138 CE Units: 3.0P Course recommended for members in the Accreditation process • Recommended lecture • L231 • Thursday, 2:00 pm - 5:00 pm. Lab Tech

Accreditation Recommended

#### Learning Objectives:

- 1. Learn photography basics and equipment options
- 2. Learn how to perfect images for the AACD Accreditation photography series
- 3. Manage RAW images, conversion to JPEG, and create an AACD PowerPoint® presentation for mentor communication

#### HANDS-ON WORKSHOP Morning WL320 TOPIC • DENTAL HYGIENE

Killing the Parrot Part 3

Patti DiGangi, RDH, BS Shirley Gutkowski, RDH

9:30 am - 12:30 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 550 CE Units: 3.0P

This is Part 3 of a full two-day program - not a repeated course. It is suggested that you register for all four courses · L216 · L235 · WL320 · WL335.

# Learning Objectives:

- 1. Decide patient focused diagnostics by using a variety of risk assessment systems
- 2. Evaluate the variety of fluorescence technologies and investigate salivary and blood testing modalities
- 3. Practice the use of adjunctive oral cancer screening technologies

ه 🚯

# HANDS-ON WORKSHOP

WA321 TOPIC • CHAIRSIDE TECHNOLOGIES

High-Tech High Touch Dentistry

Equipment and materials supported by Isolite, Digital Doc, and KaVo.

Morning

# Tina Calloway, CDA

9:30 am - 12:30 pm Location: Level 1 - Room 107 - HCC AGD Subject Code: 017 CE Units: 3.0P Repeated Friday, 2:00 pm - 5:00 pm • WA336

#### Learning Objectives:

- 1. Learn to apply state-of-the-art technology and verbal skills for practice and patient benefit
- 2. Learn to perform placement and procedures to perform with Isolation using, the Isolite laser
- 3. Understand the important role Diagnodent plays in diagnosis

# HANDS-ON WORKSHOP

# WA322 TOPIC • RETRACTION CORD PLACEMENT

Retraction Cord: Man's Best Friend or Worst Enemy Equipment and materials supported by Pascal, Dux, and Ultradent.

Morning

# Niki Henson, RDA

9:30 am - 12:30 pm Location: Level 1 - Room 108 - HCC AGD Subject Code: 017 CE Units: 3.0P Repeated Friday, 2:00 pm - 5:00 pm • WA337

#### Learning Objectives:

- 1. Learn the purposes of retraction cord and available materials for achieving those purposes
- 2. Learn step-by-step how to place retraction cord using the one and two cord technique
- 3. Discover cord products used additionally to improve tissue condition

#### HANDS-ON WORKSHOP Morning nd) 🔊 WA323 TOPIC • CAD/CAM

# The Assistant's Role in the Art of CAD/CAM

Equipment and materials supported by Henry Schein, 3M, Ivoclar Vivadent, and Komet.

# Shannon Pace Brinker, CDA, CDD

9:30 am - 12:30 pm Location: Level 1 - Room 101 - HCC AGD Subject Code: 250 CE Units: 3.0P Repeated Friday, 2:00 pm - 5:00 pm • WA338

#### Learning Objectives:

- 1. Learn how easy it is to get the clinical and esthetic results you desire by using a variety of finishing techniques and how characterizing techniques are used to add perceived incisal translucency and unique special effects
- 2. Learn step-by-step procedures for matching existing and neighboring dentition
- 3. Learn how to add and subtract the amount of inter-proximal contact

# Morning

# HANDS-ON WORKSHOP W350 TOPIC • BONDING

**Repair of a Class IV Incisal Fracture with Direct Resin Bonding** Supported by Cosmedent

# Fred Peck, DDS

9:30 am - 12:30 pm Location: Level 3 - Room 313 - HCC AGD Subject Code: 255 CE Units: 3.0P

#### Dentist

#### Learning Objectives:

- 1. Learn how to properly create a putty matrix to aid in shaping your fractured incisors
- 2. Learn how to properly color map your composite material to achieve a life-like restoration
- 3. Learn how to properly finish and polish your restoration for proper function and optimal esthetics

# Morning

# HANDS-ON WORKSHOP

# W351 TOPIC • IMPLANTS

Predictable Restorative Techniques for Implant Dentistry Supported by Biomet 3I and 3M ESPE Dental

# Christopher Ramsey, DMD Robert Ritter, DMD

9:30 am - 12:30 pm Location: Level 2 - Room 202 - HCC AGD Subject Code: 695 CE Units: 3.0P

Repeated Friday, 2:00 pm – 5:00 pm · W362

HANDS-ON WORKSHOP

# Learning Objectives:

Dentist

- 1. Learn how to create an aesthetic screw retained temporary in the anterior
- 2. Learn how to create a temporary for the posterior utilizing the Protemp crown after an implant level impression
- 3. Understand how to scan an encode abutment with Lava COS

# Morning

# W352 TOPIC • IMPLANTS

**Pink Estbetics: Provisional Techniques for Implant Restorations** Supported by MicroDental

# Lyndon Cooper, DDS, PhD Lee Culp, CDT

9:30 am - 12:30 pm Location: Level 2 - Room 210 - HCC AGD Subject Code: 695 CE Units: 3.0P Participants should bring magnification glasses

#### Learning Objectives:

Dentist

1. Learn provisional techniques to reflect tooth and tissue contours

Lab Tech

- 2. Learn finishing and polishing techniques to create natural tooth/tissue contours
- 3. Understand material selection for provisional fabrication

# FRIDAY • MAY 20

# Morning

# HANDS-ON WORKSHOP

W353 TOPIC • ADHESIVES

Predictable Cementation of Esthetic Restorations: Selecting the Right Cement to Maximize Esthetics AND Performance Supported by Ivoclar Vivadent

# Michael Koczarski, DDS

9:30 am – 12:30 pm Location: Level 2 - Room 206 - HCC AGD Subject Code: 610 CE Units: 3.0P

#### Dentist

# Learning Objectives:

- 1. Identify advantages and limits of today's cements
- 2. Understand principles of adhesion and how to select ideal cement, based on indication and material type
- 3. Learn hands-on, step-by-step procedures on how to deliver all-ceramic restorations with confidence and success

### Morning

HANDS-ON WORKSHOP

W354 TOPIC • RESIN RESTORATIONS How to Get a Great Class II Contact and Properly Use Adbesives Supported by Ultradent

# John Kanca, III, DMD

9:30 am - 12:30 pm Location: Level 2 - Room 207 - HCC AGD Subject Code: 255 CE Units: 3.0P Repeated Thursday, 2:00 pm - 5:00 pm  $\cdot$  W363 Participant should bring magnification glasses.

Dentist

# Learning Objectives:

- 1. Learn the importance of the soft tissue component in the esthetic analysis
- 2. Understand the indicators and techniques for functional and esthetic crown lenathenina
- 3. Learn the sequencing of restorative and periodontal surgical procedures to enhance the esthetics for implant patients

# Morning

HANDS-ON WORKSHOP

# W355 TOPIC • CEMENTS

Mastering Materials for Today's Economic Environment Supported by SDI and Tokuyama

# Daniel Ward, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 203 - HCC AGD Subject Code: 255 CE Units: 3.0P

Participants should bring magnification loupes

# Dentist

# Learning Objectives:

- 1. Learn how and when to use glass ionomers and resin modified glass ionomers
- 2. Learn proper bonding techniques with the latest generation of bonding agents
- 3. Learn how to routinely place long-lasting posterior composite restorations

# Morning

# HANDS-ON WORKSHOP

# W357 TOPIC • COMPOSITES

The Magic of Composites and Contemporary Restorative Materials – Functional Beauty Supported by SDI and Tokuyama

# Paresh Shah, DMD, MS

9:30 am - 12:30 pm Location: Level 2 - Room 208 - HCC AGD Subject Code: 254 CE Units: 3.0P

# Dentist

# Learning Objectives:

- 1. Learn to evaluate various direct composite materials for selecting what is most appropriate for each situation
- 2. Learn practical techniques for making posterior direct restorations natural looking
- 3. Learn techniques for reproducing natural contours, embrasures, and contact areas for posterior restorations
- Morning

HANDS-ON WORKSHOP

# W358 TOPIC • REMOVABLE ESTHETICS

Estbetic Smile Design and Occlusion for Conventional Removable and Implant Supported Denture Restorations Supported by Ivoclar Vivadent

# Frank Lauciello, DDS

9:30 am - 12:30 pm Location: Level 2 - Room 204 - HCC AGD Subject Code: 670 CE Units: 3.0P

# Dentist

# Learning Objectives:

- 1. Different communication methods between clinician and technician regarding tooth positioning
- 2. Apply denture esthetics to fixed crown and bridge restorations
- 3. Define various occlusal scheme options and their application to dentures, natural teeth, and implant restorations

# HANDS-ON WORKSHOP

Principle-Based Use of Direct Composites for Maximum Ease and Success with Aesthetics and Function Supported by Discus Dental

# Michael Miyasaki, DDS

Dentist

9:30 am - 12:30 pm Location: Level 2 - Room 209 - HCC AGD Subject Code: 254 CE Units: 3.0P

Learning Objectives:

- 1. Learn how to prepare the case for aesthetic success and how to select the proper case for longevity
- 2. Learn a simple system and armamentarium for creating highly aesthetic and functional direct restorations
- 3. Learn to recreate functional and biologic interproximal and occlusal contacts

Morning W359 TOPIC • COMPOSITES

LECTURE

# **GEM PROGRAM** All Day **G380** • GLOUCESTER: FISHING HISTORY AND THE CALL **OF THE WHALES**

7:00 am - 4:00 pm

# Attendance Limited

#### Spouse/Guest

You will travel north to Gloucester, Massachusetts. Here you will visit the famous bronze statue of the Gloucester Fisherman, still overlooking the ocean in memory of the more than 10,000 fishermen who have been lost at sea. One of the best kept secrets in New England, Gloucester enjoyed recent international exposure as the inspiration for the film and novel, The Perfect Storm, by travel writer and author Sebastian Junger. This novel dramatically chronicles the way of life as a swordfisherman and tracks New England's most notorious storm. Follow the land journey from the Crow's Nest to the local docks where the Hannah Boden and Andrea Gail vacated their catches after 30 days at sea.

Arriving on the waterfront, you will board a chartered vessel for an up close and personal view of the dances of whales. Participants frequently report close-up contact, including spraying, and looking into the whale's eye. On board, you will be accompanied by an accomplished naturalist who explains the personalities and peculiarities of these giant mammals. Not for the faint of heart, this tour should take approximately four hours, but is certainly a special treat for those hearty souls who enjoy a little sea spray and the unique opportunity to "bond" with these gentle giants.

When the charter vessel returns, you will be served lunch at one of the many seasonal waterfront and marsh side eateries.

#### **GEM PROGRAM** All Day G381 • OH, THE ELEGANCE AND CHARM OF

# **Newport, LA Forge!**

8:00 am - 5:00 pm

#### Attendance Limited

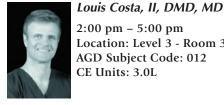

#### Spouse/Guest

Rising early to head south, you will travel along the coast to the beguiling town of Newport, Rhode Island. Discover this legendary seaside resort and summer playground for this country's first millionaires and home of America's first castles. Travel along the shoreline via the spectacular "10-mile drive," admiring regal mansions against the backdrop of the magnificent Atlantic. Guests may revel in the luxury of the Vanderbilt's "summer cottage" - the Breakers - a sprawling mansion with 70 rooms, illustrating the Vanderbilt's role in the Gilded Age.

You will enjoy lunch and shopping at the boutiques and niche shop fronts located in Newport and La Forge.

### Afternoon

#### 🕩 🌨 L326 TOPIC • PERIORAL ANATOMY Treatment for the Perioral Region: The Dentist's Domain

2:00 pm - 5:00 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 012 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Learn the critical role of the perioral structures in orofacial esthetics
- 2. Understand procedures available for perioral enhancement
- 3. Learn perioral techniques the dentist can perform

#### Afternoon

# L327 TOPIC • GUMMY SMILE Pearls from the CORE

# William Robbins, DDS Jeffrey Rouse, DDS

2:00 pm - 5:00 pm Location: Level 1 - Room 103 - HCC AGD Subject Code: 188 CE Units: 3.0L

Repeated Friday, 9:30 am - 12:30 pm • L311

#### Learning Objectives:

Dentist

- 1. Use "Global" analysis measurements to produce proper rehabilitation diagnosis
- 2. Compare and contrast orthodontic extrusion, periodontal grafting, orthodontic intrusion, and periodontal crown lengthening as tools for correcting gingival architectural deficiencies
- 3. Understand the different levels of daytime/ nighttime bruxism, including the bruxism triad

### Afternoon

L328 TOPIC • ACCREDITATION (CASE TYPE II) Matching One or Two Indirect Restorations to Natural Dentition – A Focus on Accreditation Case Type II

Michael R. Sesemann, DDS

2:00 pm - 5:00 pm Location: Level 3 - Room 311 - HCC AGD Subject Code: 253 CE Units: 3.0L

Dentist	Lab Tech	Foundational	Clinical				
Accreditation Recommended							

#### Learning Objectives:

- 1. Learn restorative team clinical techniques and tips that promote success with this type of restorative challenge
- 2. Identify and understand Accreditation Case Type II criteria
- 3. Learn factors involved with producing Accreditation level results including case selection, choice of materials, photography, and dentist/laboratory communication

DENTIST LABORATORY TECHNICIAN

# FRIDAY . MAY 20

# Afternoon L329 TOPIC • MINIMALLY INVASIVE DENTISTRY

Non or Minimally Invasive Dentistry

# August Bruguera

2:00 pm - 5:00 pm Location: Level 3 - Room 309 - HCC AGD Subject Code: 253 CE Units: 3.0L

# All Attendees

# Learning Objectives:

- 1. Learn why you must start your esthetic treatment planning externally and finalize it intra-orally
- 2. Understand why you need a high fracture resistance in restorative materials
- 3. Learn why smaller veneers and veneers without preparation have high fracture resistance

# Afternoon

# L330 TOPIC • PATIENT COORDINATOR **Advanced Patient Coordination**

# Sandy Roth

2:00 pm - 5:00 pm Location: Level 1 - Room 104 - HCC AGD Subject Code: 550 CE Units: 3.0L

# Learning Objectives:

- 1. Learn how a patient coordinator can have the biggest impact
- 2. Learn how to prepare other members of the team for each patient
- 3. Learn how to address challenging situations and resolve them effectively

# Afternoon

LECTURE L331 TOPIC • BUSINESS MANAGER PROGRAM ک 🕼

# The "Emotionally Smart" Business/Office Manager

# Tim Twigg

2:00 pm – 5:00 pm Location: Level 1 - Room 102 - HCC AGD Subject Code: 550 CE Units: 3.0L

# Learning Objectives:

- 1. Understand what emotional hijacking is, the impact, and how to prevent it to successfully work with the emotions of others (staff, dentists, and patients)
- 2. Learn how to conduct your own emotional audit
- 3. Learn the characteristics of emotionally smart people

# Afternoon

# L332 TOPIC • SLEEP APNEA

The Suffocating Patient – A Beautiful Smile Isn't Worth Much if Your Patient Dies in Their Sleep

2:00 pm – 5:00 pm Location: Level 3 - Room 304 - HCC AGD Subject Code: 160 CE Units: 3.0L

Dentist

# Learning Objectives:

- 1. Discover signs and symptoms of your patients with sleep disordered breathing
- 2. Learn various types of sleep disorders
- 3. Find out what you should be doing with these patients

# Afternoon A300 TOPIC • FELLOWSHIP

HANDS-ON WORKSHOP

# Fellowship Workshop for Accredited Members

2:00 pm - 4:00 pm Location: Level 3 - Room 308 - HCC AGD Subject Code: 780 CE Units: 2.0P

Dentist	Lab Tech	Advanced	Clinical				
Accreditation Recommended							

# Learning Objectives:

- 1. Learn existing and new changes to the Fellowship protocol
- 2. Examine successful and unsuccessful Fellowship cases

#### HANDS-ON WORKSHOP Afternoon A301 TOPIC • FELLOWSHIP

Fellowship Calibration for Fellowship Examiners

# Brian LeSage, DDS

Dentist

4:00 pm - 5:00 pm Location: Level 3 - Room 308 - HCC AGD Subject Code: 780 CE Units: 1.0P

Attendance limited to Fellowship Examiners

Lab Tech

# Accreditation Recommended

# Learning Objectives:

- 1. Inform, analyze, and calibrate Fellowship Examiners to current standards
- 2. Evaluate and test Fellowship Examiners
- 3. Review the evolution of the Accreditation criteria and learn to objectively utilize this criteria in the examination process

# LECTURE

# FRIDAY • MAY 20

# HANDS-ON WORKSHOP

# WL335 TOPIC • DENTAL HYGIENE Killing the Parrot Part 4

Afternoon

Patti DiGangi, RDH, BS Shirley Gutkowski, RDH

2:00 pm - 5:00 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 550 CE Units: 3.0P

This is Part 4 of a full two-day program – not a repeated course. It is suggested that you register for all four courses · L216 · L235 · WL320 · WL335.

Hygienist	Foundational	Non-Clinic

#### Learning Objectives:

- 1. Compare, discuss, and test current delivery systems which contain technologies claiming enamel restoration and remineralization choices
- 2. Redefine periodontal therapy
- 3. Create individualized self-care plans by evaluation sleep apnea and interceptive orthodontics

#### HANDS-ON WORKSHOP Afternoon WA336 TOPIC • CHAIRSIDE TECHNOLOGIES

High-Tech High Touch Dentistry Equipment and materials supported by Isolite, Digital Doc, and KaVo.

# Tina Calloway, CDA

2:00 pm - 5:00 pm Location: Level 1 - Room 107 - HCC AGD Subject Code: 017 CE Units: 3.0P Repeated Friday, 9:30 am - 12:30 pm • WA321

# Learning Objectives:

- 1. Learn to apply state-of-the-art technology and verbal skills for practice and patient benefit
- 2. Learn to perform placement and procedures to perform with Isolation using, the Isolite laser
- 3. Understand the important role Diagnodent plays in diagnosis

# Afternoon

# HANDS-ON WORKSHOP

#### WA337 TOPIC • RETRACTION CORD PLACEMENT Retraction Cord: Man's Best Friend or Worst Enemy

Equipment and materials supported by Pascal, Dux, and Ultradent.

# Niki Henson, RDA

2:00 pm - 5:00 pm Location: Level 1 - Room 108 - HCC AGD Subject Code: 017 CE Units: 3.0P Repeated Friday, 9:30 am - 12:30 pm • WA322

# Learning Objectives:

- 1. Learn the purposes of retraction cord and available materials for achieving those purposes
- 2. Learn step-by-step how to place retraction cord using the one and two cord technique
- 3. Discover cord products used additionally to improve tissue condition

# Afternoon

# HANDS-ON WORKSHOP

WA338 TOPIC • CAD/CAM The Assistant's Role in the Art of CAD/CAM

Equipment and materials supported by Henry Schein, 3M, Ivoclar Vivadent, and Komet.

# Shannon Pace Brinker, CDA, CDD

2:00 pm - 5:00 pm Location: Level 1 - Room 101 - HCC AGD Subject Code: 250 CE Units: 3.0P Repeated Friday, 9:30 am - 12:30 pm • WA323

### Learning Objectives:

- 1. Learn how easy it is to get the clinical and esthetic results you desire by using a variety of finishing techniques and how characterizing techniques are used to add perceived incisal translucency and unique special effects
- 2. Learn step-by-step procedures for matching existing and neighboring dentition
- 3. Learn how to add and subtract the amount of inter-proximal contact

# Afternoon

# HANDS-ON WORKSHOP

### W361 TOPIC • SMILE DESIGN Digital Smile Design Supported by MicroDental

# Lyndon Cooper, DDS, PhD Lee Culp, CDT

2:00 pm – 5:00 pm Location: Level 2 - Room 210 - HCC AGD Subject Code: 250 CE Units: 3.0P Participants should bring magnification glasses

Lab Tech

#### Learning Objectives:

Dentist

- 1. Learn the six digital steps for smile design
- 2. Learn how to use design software to make esthetic changes to your 3D wax-up
- 3. Learn how to digitally copy your provisional restorations

# Afternoon

# HANDS-ON WORKSHOP

W362 TOPIC • IMPLANTS

Predictable Restorative Techniques for Implant Dentistry Supported by Biomet 3I and 3M ESPE Dental

# Christopher Ramsey, DMD Robert Ritter, DMD

2:00 pm - 5:00 pm Location: Level 2 - Room 202 - HCC AGD Subject Code: 695 CE Units: 3.0P Repeated Friday, 9:30 am - 12:30 pm · W351

Dentist

- 1. Learn how to create an aesthetic screw retained temporary in the anterior
- 2. Learn how to create a temporary for the posterior utilizing the Protemp crown after an implant level impression
- 3. Understand how to scan an encode abutment with Lava COS

# FRIDAY • MAY 20

# Afternoon

# HANDS-ON WORKSHOP

# W363 TOPIC • RESIN RESTORATIONS

How to Get a Great Class II Contact and Properly Use Adhesives Supported by Ultradent

# John Kanca, III, DMD

2:00 pm – 5:00 pm Location: Level 2 - Room 207 - HCC AGD Subject Code: 255 CE Units: 3.0P Repeated Thursday, 9:30 am – 12:30 pm · W354 Participant should bring magnification glasses.

Dentist

ndational Clinica

# Learning Objectives:

- 1. Acquire a general understanding of current dental adhesives
- $\ensuremath{\text{2. Learn}}$  how to effectively insert composites especially in Class II restorations
- 3. Become familiar with effective matrix systems

# Afternoon **W364**

HANDS-ON WORKSHOP

# **TOPIC • LABORATORY RESTORATIONS**

Creating Natural Beauty and Intrinsic Color Transmission: A Unique New All-Ceramic Restoration Supported by 3M ESPE Dental

# Sang Jun, CDT

2:00 pm – 5:00 pm Location: Level 2 - Room 201 - HCC AGD Subject Code: 784 CE Units: 3.0P

Participants must bring porcelain adjusting abrasives and diamonds, hemostats or tweezers suitable for all-ceramic restorations, porcelain building instruments or brushes, porcelain wet tray or a glass slab, safety glasses, or magnification.

Lab Tech Foundational Clinical

# Learning Objectives:

- 1. Learn how CAD/CAM ingenuity achieves a revolutionary new laboratory restoration
- Learn a conventional fusion technique and the patented "Sang Jun stain technique" for exceptional esthetics using internal stains to mimic nature and achieve exceptional esthetics
- 3. Understand how varying levels of controlled esthetic results can meet virtually all dentists' demands

# Afternoon

# HANDS-ON WORKSHOP

# W365 TOPIC • PRESSABLE CERAMICS

Hollywood vs. Nature: Using IPS e.max Pressable Ceramics to Satisfy Today's Cosmetic Savvy Patients and Still Achieve Natural Results Supported by Ivaclar Vivadent

Supported by Ivoclar Vivadent

# 🕎 Bradley Jones

2:00 pm – 5:00 pm Location: Level 2 - Room 204 - HCC AGD Subject Code: 784 CE Units: 3.0P

Dentist	Lab Tech	Intermediate	Clinical

# Learning Objectives:

- 1. Learn to perform cutback and layering of tooth #8
- 2. Achieve natural results while still satisfying the patient
- 3. Understand how to use communication to educate the patient

Afternoon

# HANDS-ON WORKSHOP

# W366 TOPIC • CEMENTS

Hold Everything! A Guide to Successful Cementation with the Newest Materials Supported by SDI

# Daniel Ward, DDS

2:00 pm – 5:00 pm Location: Level 2 - Room 203 - HCC AGD Subject Code: 250 CE Units: 3.0P

Participants should bring magnification/loupes

Dentist Foundational Clinical

# Learning Objectives:

- 1. Learn the handling characteristics of each cement
- 2. Learn bonding vs. luting cementing agents
- 3. Learn which mode of setting is best for bonding cements

HANDS-ON WORKSHOP

# W369 TOPIC • LASERS

The Clinical Application of Lasers for Improved Patient Care and Profitability Supported by Discus Dental

# Michael Miyasaki, DDS

Dentist

Afternoon

2:00 pm – 5:00 pm Location: Level 2 - Room 209 - HCC AGD Subject Code: 497 CE Units: 3.0P

Foundational

- 1. Determine the clinical relevance of lasers for your practice
- 2. Understand how to perform common clinical procedures successfully
- 3. Understand how to successfully implement the use of a laser into your practice

# Venus<sup>®</sup> Bulk Fill

Faster, esthetic posterior restorations. **Simplified.** 

**Venus® Bulk Fill** is a low stress flowable composite that enables bulk filling of 4mm and provides an efficient solution for esthetic posterior restorations.

Venus Bulk Fill delivers:

- Low shrinkage stress
- Self-adaptive handling eliminates steps and provides ideal coverage of cavity floor and walls.
- Highly radiopaque for more accurate diagnosis

# Call 877-258-5937 for an exclusive AACD Special Offer on Venus Bulk Fill!

"Venus Bulk Fill delivers what the dental profession has been looking for—the complete confidence to bulk fill an esthetic posterior composite restoration in half the procedure time without sacrificing quality." Unpaid endorsement

Robert Marus, DDS - AACD Accredited Member

Remember Gluma® Desensitizer – Under Every Restoration.™

**REALITY** states:

"Venus Bulk Fill has significantly less shrinkage stress compared to a conventional flowable composite."

# Morning

# **L410 TOPIC • PROSTHODONTICS**

Achieving Esthetic Excellence in Patients with Significant Anterior Tooth Wear

# Frank Spear, DDS, MSD

8:00 am - 11:00 am Location: Level 3 - Room 302 - HCC AGD Subject Code: 610 CE Units: 3.0L

#### All Attendees

# Learning Objectives:

- 1. Learn how evaluating the patterns of tooth wear can help you understand what has happened as teeth wear and what may be the correct treatment plan
- 2. Understand common esthetic changes that accompany severe tooth wear and how recognizing these changes will provide insight into your treatment options for solving most common outcomes of tooth wear
- 3. Learn what dental materials to consider when treating patients with significant tooth wear and high esthetic expectations

#### LECTURE Morning L412 TOPIC • ACCREDITATION (CASE TYPE IV) Accreditation Case Type IV Lecture

James Peyton, DDS

8:00 am - 11:00 am Location: Level 3 - Room 311 - HCC AGD Subject Code: 254 CE Units: 3.0L

# Dentist

# Accreditation Recommended

# Learning Objectives:

- 1. Learn a step-by-step technique to layer a composite restoration
- 2. Acquire tips for practicing techniques on stone models and typodonts that allow the participant to practice the techniques prior to the clinical appointment
- 3. Explain a predictable technique to contour and polish a composite restoration that disappears into the natural tooth

# Morning

LECTURE

# L413 TOPIC • STUDENT PROGRAM **Building Dental Success**

William Dorfman, DDS

8:00 am - 11:00 am Location: Level 3 - Room 304 - HCC AGD Subject Code: 550 CE Units: 3.0L

#### Student

# Learning Objectives:

- 1. Learn how to provide outstanding customer service and have fun at work
- 2. Discover the top five tips for clinical success
- 3. Learn the secrets to a long, gratifying career

# Morning

HANDS-ON WORKSHOP

# W451 TOPIC • DIRECT RESIN

Simplifying Steps to Direct Resin Success Supported by Kuraray

# Michael Morgan, DDS

8:00 am - 11:00 am Location: Level 2 - Room 207 - HCC AGD Subject Code: 780 CE Units: 3.0P

# Dentist

# Learning Objectives:

- 1. Discover a simplified shade mapping system to efficiently choose the value, shade, and surface characteristics of any resin restoration
- 2. Understand techniques to simplify layering and achieve natural polychromicity in as little as two shades
- 3. Learn how to efficiently and predictably restore Class II posterior and Class VI anterior composites

# Morning

# HANDS-ON WORKSHOP

W452 TOPIC • COMPOSITES Using New "Injectable Hybrid Restoratives" for Simplified Esthetic Procedures Supported by Shofu Dental Corporation

# Morioki Fujitani, DDS, PhD, FICD

8:00 am - 11:00 am Location: Level 2 - Room 204 - HCC AGD Subject Code: 780 CE Units: 3.0P

#### Lab Tech Dentist

# Learning Objectives:

- 1. Understand new restorative techniques for injectable hybrids, including the resin cone technique
- 2. Learn how to simplify MI and esthetic restorations using injectable hybrids as a final restorative
- 3. Learn how to apply these new techniques to Class I or II restorations

# HANDS-ON WORKSHOP

# Morning W453 TOPIC • DIRECT RESIN **Direct Resin Veneers**

Marcos Vargas, DDS

Supported by Kerr Corporation

8:00 am - 11:00 am Location: Level 2 - Room 210 - HCC AGD Subject Code: 783 CE Units: 3.0P

Dentist	Lab Tech	Intermediate	Clinical

# Learning Objectives:

- 1. Learn shade selection for direct anterior restorations
- 2. Learn cavity preparation for ideal blending
- 3. Learn Layering, contouring, and polishing for direct resin veneers

Morning

# HANDS-ON WORKSHOP

W454 TOPIC • DIGITAL IMPRESSION **Digital Impression Technology for Anterior Restorations** Supported by 3M ESPE Dental

# John Weston, DDS

8:00 am - 11:00 am Location: Level 2 - Room 202 - HCC AGD Subject Code: 250 CE Units: 3.0P

# Dentist

- 1. Practice digital scanning to clearly understand the process and potential it offers
- 2. Use the Lava COS to assess and optimize preparation design for predictable results
- 3. Understand how the digital impression in process benefits your laboratory by obtaining exceptional fitting restorations with greatly reduced delivery adjustments

# L425 TOPIC • VENEERS

Additional Veneers as the Spirit of the Time

Giuseppe Allais, DDS Willi Geller, MDT

12:30 pm - 3:30 pm Location: Level 3 - Room 302 - HCC AGD Subject Code: 783 CE Units: 3.0L

### All Attendees

### Learning Objectives:

- 1. Understand the materials used when constructing additional veneers
- 2. Learn the technology necessary to create additional veneers
- 3. Learn how to integrate traditional techniques into combination cases

# Afternoon

Afternoon

LECTURE

🕩 🔊

L426 TOPIC • COSMETIC DENTISTRY **Cosmetic Pearls for the General Practitioner** 

# Marty Zase, DMD

12:30 pm - 3:30 pm Location: Level 3 - Room 304 - HCC AGD Subject Code: 780 CE Units: 3.0L

#### Students

#### Learning Objectives:

- 1. Learn to eliminate sensitivity with bleaching and bonding procedures
- 2. Learn to utilize ovate pontics to make natural looking bridges
- 3. Build confidence in tackling cosmetic restorations

### Afternoon

LECTURE nd) 🔊

**L427 TOPIC • REMOVABLE ON IMPLANTS** Complete Denture Technique: A Disappearing Art Form

# Aldo Leopardi, DDS, BDS, MS

12:30 pm - 3:30 pm Location: Level 1 - Room 103 - HCC AGD Subject Code: 670 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Review impression techniques maximizing support and minimizing over-extended, unstable denture bases
- 2. Describe effective maxillomandibular jaw relation record techniques
- 3. Develop an improved understanding of aesthetic and functional tooth arrangement concepts

# Afternoon

# **L428 TOPIC • BOTOX®**

BOTOX® 410 – Beyond the Buzz – An Advanced Course for Those with Experience in BOTOX and Facial Fillers

Warren Roberts, DMD 12:30 pm - 3:30 pm Location: Level 3 - Room 310 - HCC AGD Subject Code: 017 CE Units: 3.0L

# Dentist

### Learning Objectives:

- 1. Understand the therapeutic uses of BOTOX
- 2. Expand your BOTOX treatments to include mid-face expression
- 3. Understand how BOTOX and facial fillers work three-dimensionally to harmonize smile design

# Afternoon

### **L429 TOPIC • TEMPORIZATION** Artistic Smile Design – From Treatment Plan to Cementation

# Elliott Mechanic, DDS

12:30 pm - 3:30 pm Location: Level 3 - Room 306 - HCC AGD Subject Code: 780 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Create a treatment plan to achieve our final vision
- 2. Understand the principles of artistic smile design
- 3. Understand the role of the provisional restoration as a prototype

# Afternoon

LECTURE

**L430 TOPIC • EMPLOYMENT COMPLIANCE Employment Compliance: Today's Risks and Rewards** 

#### Tim Twigg

12:30 pm - 3:30 pm Location: Level 1 - Room 101 - HCC AGD Subject Code: 550 CE Units: 3.0L

#### Dentist

#### Learning Objectives:

- 1. Understand your degree of personal and professional exposure
- 2. Learn the most common human resource mistakes and how to prevent them
- 3. Acquire the steps for properly handling terminations, pregnancy leave, seminar pay, reference checking, and record keeping

# LECTURE

LECTURE

# Afternoon

L431 TOPIC • PERSONAL BRANDING

Smile, You ARE Your Brand! Growing Your Practice Through **Personal Branding** 

# Michael DiFrisco

12:30 pm - 3:30 pm Location: Level 3 - Room 309 - HCC AGD Subject Code: 550 CE Units: 3.0L

Repeated Saturday, 8:00 am - 11:00 am · L417 Lab Tech

LECTURE

ی 🕩

# Learning Objectives:

Dentist

- 1. Understand the role of personal branding and why it is critical to defining your position in the marketplace
- 2. Develop the brand cues around your practice to help you stand out and be noticed from the competition

## WHAT'S NEW IN THE EXHIBIT HALL?

his year's exhibit hall features a number of new items for attendees. The AACD Product Premiere presented by Dentalcompare will feature the hottest new products and services on the exhibit hall floor! A coupon book in your tote bag will give you the chance to shop for deals on exhibitor products. Also, on Friday, you will be able to purchase products at deep discounts during the "Black Friday" shopping event. See page 61 of the Program Guide for participants.

Aside from shopping, a major highlight of this year's exhibit hall is the Operatory of the Future, which has two full operatories featuring the latest in innovations and dentistry supplied by Henry Schein, Patterson Dental and Midmark Corporation. Visit the exhibit hall to check it out!

Are you looking for advice on a dental issue? We've got a place you can go—the AACD Speaker's Corner. Network one-on-one with AACD educators and get the answers to your questions. You will also have a chance to purchase educational references from the educators.

And, don't forget to participate in the Give Back a Smile silent auction, which will benefit the AACD Charitable Foundation and restore the smiles of domestic violence survivors.

## AACD Speaker's Corner Schedule

#### Wednesday, May 18

Ms. Sandy Roth11:00 am - 1:00 pm
Dr. Ryan Swain12:00 pm - 1:00 pm & 5:00 pm - 6:00 pm
Dr. Bradley Dykstra4:00 pm - 6:00 pm

#### Thursday, May 19

Ms. Rhonda Mullins	11:00 am - 12:00 pm
Ms. Tina Calloway	1:00 pm - 3:00 pm
Dr. Bradley Dykstra	5:00 pm - 6:00 pm
Dr. Larry Rosenthal	5:00 pm - 6:00 pm

#### Friday, May 20

Ms. Rhonda Mullins 12:00 pm - 1:00 pm
Ms. Tina Calloway1:00 pm - 2:00 pm
Dr. Larry Rosenthal 1:00 pm - 4:00 pm
Dr. Tomoyuki Tsubaki 1:00 pm - 4:00 pm & 5:00 pm - 6:30 pm
Mr. Jason Kim

# You've seen it, you've heard about it, time to get started...

Six of America's best-known speakers are presenting hands-on lectures featuring the multi award-winning V3 Sectional Matrix System at AACD 2011:

Dr Daniel Ward Dr Paresh Shah Dr Michael Miyasaki Dr Michael Morgan Dr Christopher Ramsey & Dr Robert Ritter

# But visit us anytime at booth 2209 for your own free hands-on demonstration.
